Annual Work Plan

B0458 - Libya - Tripoli

Project: 01000956

Report Date: 7/1/2026

Project Title: The project aims to mitigate climate change by reducing carbon emissions through policies and investments which incentivize energy transition in Libya. T

Year: 2023

Output	Key Activities	Timeframe		Responsible Party	Planned Budget			
		Start	End		Fund	Donor	Budget Descr	Amount US\$
01000956 The project aims to mitigate climate change by reducing carbon emissions through policies and investments which incentivize energy transition in Libya. This will be done in a manner that is complementary to related initiatives including the development of an integrated climate change strategy. The project will also promote other co-benefits including diversifying the economy, decentralizing and improving vital services and insulating the country from the impacts of climate change. In summary, this project aims to support Libya to commence its national scale energy transition, towards a more energy-efficient, inclusive, gender responsive and sustainable economy, electrically powered by a mix of renewable energy and natural gas power plants.	1.1 Technical assistance, capacity building and outreach on national gender responsive energy policies, strategy, and reform implementation plans, at three levels of Libyan society is developed.	7/1/2023	12/31/2026		30079	EUROPEAN COMMISSION	72100 - Contractual Services-Companies	192,600.00
	1.2 Technical assistance and implementation of Restructuring and Utility Unbundling Reforms (The unbundling of accounts) to the General electricity company of Libya is delivered	7/1/2023	12/31/2026		30079	EUROPEAN COMMISSION	72100 - Contractual Services-Companies	181,900.00
	2.1 Technical assistance, capacity building and outreach on national gender responsive energy policies, strategy, and reform implementation plans, at three levels of Libyan society is developed	7/1/2023	12/31/2026		30079	EUROPEAN COMMISSION	72100 - Contractual Services-Companies	203,300.00
	2.2 Technical assistance, capacity building and outreach for building sector energy gender responsive construction codes delivered.	7/1/2023	12/31/2026		30079	EUROPEAN COMMISSION	72100 - Contractual Services-Companies	203,300.00
