Project Title: The African Continental Free Trade Area (AfCFTA) presents a transformative opportunity for Nigeria to diversify its economy and lead the continent in inclusive

01004345 The African Continental Free Trade Area (AfCFTA) presents a transformative opportunity for Nigeria to diversify its economy and lead the continent in inclusive, sustainable trade-driven growth. With a market of 1.27 billion people – projected to grow to 1.7 billion by 2030 – and a potential GDP of USD 6.7 trillion in purchasing power parity terms, AfCFTA can reshape Africa’s economic landscape. For Nigeria, the agreement opens a strategic pathway to unlock the potential of its micro, small, and medium enterprises (MSMEs), particularly those led by women and youth, to drive industrialization, employment, and intra-African trade. While Nigeria’s trade has historically been concentrated in petroleum exports to non-African markets, AfCFTA creates new frontiers for high-value, non-oil exports across the continent. Yet, systemic challenges persist – ranging from inefficient logistics and restrictive customs regimes to limited access to finance, energy, and digital infrastructure. These barriers disproportionately affect MSMEs, who form the backbone of the economy but are often excluded from formal value chains and regional markets. “Enhancing Nigeria’s AfCFTA Export Readiness: Empowering MSMEs for Intra-Africa Trade” is designed as a catalytic initiative to address these structural gaps. The project aims to strengthen Nigeria’s institutional, policy, and regulatory frameworks to align with AfCFTA provisions, while directly supporting MSMEs to become competitive, connected, and compliant players in the regional trade ecosystem. At its core, the initiative promotes an inclusive and innovation-driven approach to unlock the full potential of Nigeria’s entrepreneurial sector as an engine of growth, job creation, and socio-economic	Consulting Firm Project Final Evaluation	4/1/2025	12/31/2028		04010	UNITED NATIONS DEVELOPMENT PROGRAMME	71800 - Contractual Services-Imp Partn	5,000.00
