

United Nations Development Programme
Country: ANGOLA
PROJECT DOCUMENT

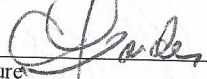

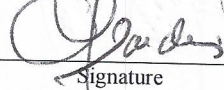

Project Title:	Expansion and Strengthening of Angola's Protected Area system
<p>UNDP Strategic Plan (2014-2017) [Link] Primary Outputs: (1.3) Solutions developed at national and sub-national levels for sustainable management of natural resources, ecosystem services, chemicals and waste.</p> <p>Secondary Output: [From <i>UNDP's Biodiversity and Ecosystems Global Framework 2012-2020</i>:] Signature Programme #2: Unlocking the potential of protected areas (PAs), including indigenous and community conserved areas, to conserve biodiversity while contributing to sustainable development. [Link]</p>	
<p>Contribution to UNDAF Outcomes:</p> <p>[2015-2019:] Support Area #4) Strengthened pro-poor economic growth and accountable macro-economic management and integrated rural development, natural resources and energy management to promote environmental protection and adaptation to climate change.</p>	
<p>Expected CP Outcome(s):</p> <p>[current - 2009-2014] Pillar #4, Outcome 6: Strengthen national capacities to mainstream environmental protection into national development plans and programmes through a pro-poor growth perspective.</p> <p>[new - 2015-2019] Same as UNDAF.</p>	
<p>Expected CPAP Output(s)</p> <p>[current - 2009-2014] Output 6.1) Effective implementation of biodiversity strategy and action plan.</p> <p>[new - 2015-2019:] Output 4.1) Legal and regulatory frameworks and institutions enabled to ensure the conservation, sustainable use, access to and benefit-sharing of environmental resources in line with international conventions and national legislations.</p> <p>[Project Objective] Enhance the management effectiveness - including operational effectiveness and ecosystem representation - of Angola's Protected Area System, with due consideration for its overall sustainability, including ecological, institutional and financial sustainability.</p> <p>[Project Components/Outcomes] (1) The legal, planning, policy, institutional and financial frameworks for protected area expansion are strengthened; (2) Three existing National Parks are rehabilitated and their management improved (Cangandala, Bicuar and Quiçama).</p>	
<p>Implementing Partner: Ministry of Environment (MINAMB)</p>	

Brief Description: This Project has been designed as the second GEF-financed intervention within a more comprehensive national protected area (PA) programme for Angola. It will focus investments in the terrestrial network of protected areas, in direct response to the immediate threats to their ecological integrity. It will direct GEF funding at two levels of support: at the PA system's level and at the level of individual sites. (Refer to complete description on the next page)

Programme Periods	2009-2013/4
[current and new]:	2015-2019
Atlas Award ID:	00078044
Project ID:	00088535
PIMS #:	4464
Start date (from):	Signature date
End Date:	+ 5 years
Mgt Arrangements	NIM
PAC Meeting Date	03 Jun 2015

<i>Total resources required (total project funds) [A+B+C]</i>	\$ 21,990,400
[A] Total resources allocated to UNDP in this PRODOC	\$ 6,300,000
- Regular (UNDP TRAC)	\$ 500,000
- GEF	\$ 5,800,000
[B] Total resources managed by MINAMB <i>(current and investment expenditure for the duration of the project)</i>	\$ 15,000,000
[C] Other partner managed resources <i>(from bilateral donors and other sources)</i>	\$ 690,400

Agreed by (Government): Maria de Fátima Jardim  13/Mar/16
