### **Brief Description**

### PROJECT DESCRIPTION (NOT MORE THAN 1/2 PAGE)

### A. State the specific development challenge or gap that this AWP is addressing.

This project is addressing India's development goals of reducing poverty head count ration by 10 percentage points over the preceding estimates by 2017, generate 50 million new work opportunities in the non – farm sector and provide skill certification to equivalent number of people. The project also aims to address the needs of low income population by providing skills in order to make them more employable and help them secure "decent work". The project contributed to two SDGs. Goal 1: Eradicate extreme poverty and hunger, Goal 5. Promote Gender Equality and Empower Women; Goal 8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all; Goal 10: Reduce inequality within and among countries and Goal 17. Strengthen the means of implementation and revitalize the global partnership for sustainable development. The "Creating Employment and Entrepreneurship opportunities for Women in India" project aims to reach 1,000,000 women and girls by providing them with necessary skills and knowledge for employment or entrepreneurship/self-employment. Through an integrated skilling and job placement/ enterprise start up approach, the project will create linkages between education & skills and employment & growth in India through public – private partnership and support 1,000,000 women & girls progress towards economic empowerment. As a result, this will enable women to increase their incomes, improve their productive investments, improve consumption and build assets

## B. Select one or more of the below strategies for addressing the above mentioned challenge/gap and describe in the context of this AWP:

- Changes in attitudes and access to decision making through awareness raising, brokering, convening
   Changes in policies, plans, budgets and legislation through support to national assessment, planning, budgeting, policy making
- Changes in the lives of individuals and communities through implementation for inclusive development
  - C. List the possible improvements in the capacities of institutions, individuals and systems that will occur as a result of this AWP.
  - Women will have improved skills, and knowledge for employment and entrepreneurship
  - Adolescent girls will have improved economic knowledge and market understanding
  - Skilling Institutions will have improved capacities to delivery skilling programme to women and to better monitor performance
  - Skilling Institutions will have improved certificates
  - Institutions will be able to provide job coaching support to women
  - Private Sector employers will have access to greater skilled labor
  - Market conditions for women will improve
  - Government will benefit from testing new approaches and project contribution to its goals

### D. List the gender issues in this AWP and specific ways in which they will be addressed.

The project activities focus only on women and young girls. The project specifically focuses on these two groups given women in particular do not equally participate in skilling programmes and lack job opportunities when compared to men. Further, knowing that majority of India's poor are women, the project also focuses on building capacities of young women as a way to improve their knowledge and prepare them for future market realities.

## E. List the South-South cooperation opportunities in this AWP and specific ways in which they will be addressed.

 The project hopes to facilitate knowledge exchange visits between national counterparts to relevant countries for learning and exchange of knowledge, and technical assistance Programme Period:

### V. Management Arrangements

### **Project Implementation Arrangements**

- 1 The project will be executed under Direct Implementation Modality (DIM) IKEA foundation is funding the project. UNDP acts as the Implementing Partner
- Implementing Partner (IP): The project will be directly implemented by UNDP in cooperation with the Ministry of Skills and Entrepreneurship and/or other relevant Ministries or programmes at Central or State Levels. UNDP will further partner with a number of local institutions (such as NGOs, skilling institutes, business development service organizations) to implement the project activities. UNDP will be responsible for the effective use of use of resources and the achievement of the project outcomes and outputs as set forth in the document. UNDP will be responsible for all financial management, reporting, procurement and recruitment services. UNDP recruitment and procurement rules will apply.

- 3 **Project Steering Committee**: Project Steering Committee will oversee the project. There will be one steering committee at a national level. The PSC will meet on quarterly basis and consist of representatives from. UNDP, Xynteo, IKEA Foundation and the Government.
- 4. An internationally recruited Project Manager will manage the project The Project Manager will directly report to UNDP Country Director "Creating Employment and Self Employment Opportunities in India" project will have a midsize structure with Head Office in New Delhi and five proposed project state offices (Haryana, Delhi, Telangana, Karnataka, Maharashtra) In the Head Office (HO), UNDP will have 1 Project Manager, 1 Senior Project Officer, 1 Project Technical Specialist, , 1 Project Associate, 1 Communication Assistant and 1 Admin/Finance assistant
- Agreement on the intellectual property rights and use of logo on the project's deliverables: In order to accord proper acknowledgement to IKEA Foundation, UNDP for providing funding, logos should appear on all relevant project publications as applicable and adhere to the branding guidelines of the aforementioned agencies

#### Funds Flow Arrangements and Financial Management:

6 The project will be directly implemented by UNDP

In this case, UNDP assumes the responsibility for mobilizing and applying effectively the required inputs in order to reach the expected outputs. UNDP assumes overall management responsibility and accountability for project implementation. Accordingly UNDP would follow all policies and procedures established for its own operations and will be responsible for all financial management, reporting, procurement and recruitment services

UNDP prepare a budgeted Annual Work Plan on an Annual basis, as per UNDP rules and regulations

UNDP may identify Responsible Parties to carry out activities within a DIM project. A Responsible Party is defined as an entity that has been selected to act on behalf of the UNDP on the basis of a written agreement or contract to purchase goods or provide services using the project budget. All Responsible Parties are directly accountable to UNDP in accordance with the terms of their agreement or contract with UNDP. The Responsible Party may follow its own procedures only to the extent that they do not contravene the principles of the Financial Regulations and Rules of UNDP. Where the financial governance of the responsible party, does not provide the required guidance to ensure best value for money, fairness, integrity, transparency, and effective international competition that of UNDP shall apply

- 7. Audit: The audit will be governed as per UNDP Rules and Regulations
- 8. Project Closure: The project would be closed as per UNDP Rule and Regulations

### **Brief Description**

### PROJECT DESCRIPTION (NOT MORE THAN 1/2 PAGE)

### F. State the specific development challenge or gap that this AWP is addressing.

The Uddyam partnership between LTPCT and UNDP is aiming to demonstrate how an effective multi-stakeholder partnership between Government, Private Sector, UN and the Community - can result in an area-based intervention to bring about SDG-aligned social transformation. The expected outcome, over a period beyond the project duration, is to enable women and their families and vulnerable communities in Talasari taluka of Maharashtra to experience a transformational impact in their lives. The transformational impact will be seen in terms of

- Increased incomes and economic well-being of the families
- Improved human development outcomes, with higher levels of productive skills and ways to engage in productive occupations
- Improved access to benefits and programmes of the Government

At the outcome level, it is expected that Uddyam will contribute to micro-level achievement of the Sustainable Development Goals; SDG1 End poverty in all its forms everywhere, SDG2 End hunger, achieve food security and improved nutrition and promote sustainable agriculture, SDG3 Ensure healthy lives and promote well-being for all at all ages, SDG4 Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all, SDG5 Achieve gender equality and empower all women and girls, SDG8 Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all, SDG12 Ensure sustainable consumption and production patterns

| G. | Select one or more of the below strategies for addressing the above-mentioned challenge/gap |
|----|---|
|    | and describe in the context of this AWP:  |

- Changes in attitudes and access to decision making through awareness raising, brokering, convening
   Changes in policies, plans, budgets and legislation through support to national assessment, planning, budgeting, policy making
- Changes in the lives of individuals and communities through implementation for inclusive development

### H. List the possible improvements in the capacities of institutions, individuals and systems that will occur because of this AWP.

- Incomes of participating families increased through improved utilization of land and animal-bird resources in the villages under the three selected Group Gram Panchayats
- Increased income for families engaged in Warli painting and crafts
- Career guidance, counselling and support mechanisms catering to students and school drop-outs are made available locally
- Effective project management, monitoring and reporting mechanisms for multi-partner interventions developed and demonstrated

### List the gender issues in this AWP and specific ways in which they will be addressed.

The project activities focus on women and their family members for inclusive development activity. The project has specific focus on adolescent girls for career counselling and guidance for jobs in organised sector. The project proposes to focus career counselling and guidance centres with special focus on two groups given women do not equally participate in skilling programmes and lack job opportunities when compared to men. Further, knowing that majority of India's poor are women, the project also focuses on building capacities of women self-help groups to improve their knowledge and skills for strengthening their farm and non-farm based livelihood activities.

- List the South-South cooperation opportunities in this AWP and specific ways in which they
  will be addressed.
- The project hopes to facilitate knowledge exchange visits between national counterparts to relevant countries for learning and exchange of knowledge, and technical assistance.

### V. Management Arrangements

Note: if the management and fund flow arrangements are same as agreed in Project Brief you need to just indicate that and do not repeat.

Project Implementation Arrangement

#### Project Management Unit (PMU)

UNDP will establish the Project Management Unit that will coordinate and manage the Project at the Taluka level. The PMU will consist of three personnel

- Project Manager who will have the overall responsibility for the implementation of the project and coordination with the Technical Support Agency (TSA), local administration, LTPCT and UNDP
- Assistant Project Manager who will be responsible for all project reporting and monitoring
- Administrator who will be responsible for all financial and administrative matters related to the project

The PMU shall be administrative responsibility of UNDP. The PMU team members will report to Value Chain Expert at UNDP Country office under over all guidance with Chief, Business Development and Skills, UNDP.

#### Reviews

This project funded by LTPCT will be reviewed results / outcomes / future at the Country Programme Management Board meeting and also at the Outcome Boards established for IKEA foundation funded Disha project at the national level. However, two specific review mechanisms will be created to supplement the ongoing field level monitoring activities in the project area.

#### Project Steering Committee

The Project Steering Committee will be chaired by the Block Development Officer and the Sabhapati of the Panchayat Samiti The Project Manager, PMU shall be the Convenor Other members will include Block Mission Manager Umed, Principal Talasari ITI, representatives of gram panchayat and Umed VO's from the three villages, relevant line department officials, representatives of UNDP, LTPCT and the TSAs. The PSC will meet once in two months. It will review progress and suggest corrective mechanisms where necessary. It will also facilitate convergence of the Project with various schemes in the area.

#### Quarterly Review

The Quarterly Review will be undertaken under the leadership of the CEO Zilla Parishad Palghar. In addition to the Project Steering Committee members, senior officials from Umed, LTPCT and UNDP may attend the quarterly review

### Reporting and documentation

The PMU will be responsible for preparing Monthly Progress Reports that will be shared with all members of the Project Steering Committee on a regular basis. A special progress report, with analytical content, case studies and best practice documentation will be prepared for the Quarterly Reviews.

### **Funds Flow Arrangements and Financial Management:**

- 9 The project will be directly implemented by UNDP. The fund will be received from LTPCT to UNDP accounts
  - In this case, UNDP assumes the responsibility for mobilizing and applying effectively the required inputs to reach the expected outputs. UNDP assumes overall management responsibility and accountability for project implementation. Accordingly, UNDP would follow all policies and procedures established for its own operations and will be responsible for all financial management, reporting, procurement and recruitment services.
  - UNDP prepare a budgeted Annual Work Plan on an Annual basis, as per UNDP rules and regulations

UNDP may identify Responsible Parties to carry out activities within a DIM project. A Responsible Party is defined as an entity that has been selected to act on behalf of the UNDP on the basis of a written agreement or contract to purchase goods or provide services using the project budget. All Responsible Parties are directly accountable to UNDP in accordance with the terms of their agreement or contract with UNDP. The Responsible Party may follow its own procedures only to the extent that they do not contravene the principles of the Financial Regulations and Rules of UNDP. Where the financial governance of the responsible party, does not provide the required guidance to ensure best value for money, fairness, integrity, transparency, and effective international competition that of UNDP shall apply

- 10 Audit: The audit will be governed as per UNDP Rules and Regulations
- 11 Project Closure: The project would be closed as per UNDP Rule and Regulations
