Subject: **Amending the Project Document of UNDP-GCF Project “De-risking and Scaling-up Investment in Energy Efficient Building Retrofits” approved on 07/07/2017**

INTERNAL MEMORANDUM

Dear Colleagues,

Considering the signing of the Amended and Restated Funded Activity Agreement (Grants) between United Nations Development Programme in Armenia and Green Climate Fund for Funded Activity FP010 “De-risking and scaling up investment in energy efficient building retrofits”, hereby I approve amendment to the Project Document for this Project approved on 07/07/2017, namely:

1. Attachment 1 of this Memorandum replaces Annex 1 of the Project Document and constitutes an integral part of the Project Document.
2. In case of conflict between the Project Document and the Attachment 1 of this Memorandum, the provisions of the latter shall prevail.

By March 31, 2024, the Project Staff shall update all relevant information in Quantum and PIMS+ platforms to ensure compliance with the amended Project Document.

Thank you.
