Revision Justification

This revision of the project document is necessary to ensure the extension of the timeframe for the Award and related Output BIH10/00107611 till 31 December 2022, taking into account the unused balance of USD 61,357.55 under the contribution received in 2019 from the Federal Ministry of Environment and Tourism (FMOIT). While the initial intention was to launch a separate Via Dinarica call for proposals, as the new phase of the Via Dinarica Project was confirmed early 2022 however, the project planned to combine and use the funds from the FMOIT with the contribution of the Italian Government/AICS in 2022. In addition, the balance of funds received from LGs (in the amount of USD 13,574.13) will be dedicated to the promotion of Via Dinarica tourism offer across the geographical area encompassing the 18 partner LGs. The decision to extend the project was communicated to and agreed with donors.

Meanwhile, Output BIH10/00111453 was operationally closed on 31 December 2021.
