Estimada Vane,

En este tema solo hace falta abrir el presupuesto agregando esta combinación de fund/donor/IA para que puedan disponer de los recursos. Solo por favor verifica en la documentación y comunicaciones al respecto si aplica GMS para que también los ingresen en Atlas de ser el caso.

Saludos cordiales,
Brenda

Subject: Mexico's Proposal to Catalytic Investment Fund

Dear Lorenzo,

I am happy to inform you that Mexico's proposal to the Catalytic Investment Fund, "**Financial Education and Digital Bank Savings for women in semi-urban communities of Mexico**", has been approved for funding for the amount of USD 120,000. I congratulate you and your team for a strong proposal and clear expected results. I am attaching comments and suggestions from peer reviewers for your consideration.

I understand that the funding is less than the requested amount but I trust that this amount will allow for the expected results to be achieved. Do let us know if the proposal needs to be adjusted to reflect the available funding.

Best regards and happy new year,

Luis Felipe

Subject: RBLAC Catalytic Investment Fund - Call for Proposals

Dear Colleagues,

As I announced during the RR Meeting in Asuncion, RBLAC has decided to invest USD1.5 million of Regional Funds to **finance activities in country offices that either (i) have the potential to open new funding sources and lead to new engagement opportunities, or (ii) are critical to support governments navigate specific shocks or vulnerabilities. We are calling this fund the Catalytic Investment Fund.**

The key principle of this investment and the criteria for eligibility are the following:

- The funds will be invested in activities that have a high probability of leading to new lines of work and financing mechanisms for the country office. We are hoping that this funding will allow you to invest in areas that have potential to leverage additional funding sources and lead to a more robust pipeline for your CO.
- The funds enable activities that support governments in the context of shocks, with a strong emphasis on strengthening effective governance and policy response.

With this in mind, I invite you to fill out the attached template to apply for funds. All proposals will be revised by a review panel, and the final decision on the allocation of funds will be made by the Director. Proposals that do not get funded will receive comments and feedback from reviewers. Please send your proposals to Almudena Fernandez [almudena.fernandez@undp.org] and Carlos Benitez [carlos.benitez@undp.org] no later than **Friday, 13 December 2019**. The funds will be assigned before the end of the year and will need to be spent during 2020.

Best regards,

Luis Felipe
