Subject : No Objection for Extending Project Completion Date - Renewable Energy for Improved Health Services Project in Yemen - Under Grant Agreement No. 418.3

Dear Mr. El Tokali,

We acknowledge receiving the letter from the Resident Representative of UNDP in Yemen dated 21/11/2023 and the Project progress report of even date. We appreciate the work done so far, specifically the completion of installation and putting into operation the electrical systems in the two selected hospitals in Sana'a and Hijjah Governorates.

As to the request for extending the Project completion date to 30/06/2024 without cost implications, which as explained is due to the delay in receiving part of the required imported materials for the remaining works, we are pleased to inform you that the Fund has no objection to this request.

Please accept our highest consideration and best regards,

Abdullah AlMusaibeeh
Director of Operations Department
