BPPS/Thematic Hub: Planet Hub

(the "Project")

The project, which amounts to a total of **USD 73,997,710**, has received its *final approval* in accordance with the established policies and procedures of the Global Environment Facility (GEF). With this approval, I am pleased to send for your signature this Delegation of Authority.

By accepting this Delegation of Authority, the BPPS Planet Hub assumes full responsibility and accountability to sign the UNDP-GEF Project Document for this Project and to ensure the timely implementation of this GEF-financed project. The BPPS Planet Hub shall ensure that the project complies with the GEF-specific requirements outlined below and in the Project Document and shall provide oversight and quality assurance of tasks undertaken by the Implementing Partner and/or Responsible Parties. In addition, as with all UNDP projects, the BPPS Planet Hub assumes full accountability for ensuring that all requirements set out in UNDP's Programme and Operations Policies and Procedures (POPP), its Financial Regulations and Rules and Internal Control Framework are complied with.

By accepting this Delegation of Authority, the Regional Bureau Director assumes full responsibility and accountability to provide oversight to the BPPS Planet Hub to ensure compliance with all UNDP regulations and rules. In addition, the Regional Bureau Director will ensure that the Deputy Regional Bureau Director provides additional support to the relevant BPPS/Thematic Hub (as outlined above) and the BPPS/Vertical Funds Programme Support, Oversight and Compliance Hub (VF Hub) when needed to ensure the GEF-specific requirements noted below and in the Project Document are met as required and as per the noted schedule.

The BPPS oversight tasks are outlined in the RACI and shall include:

(i) Technical oversight on the nature, climate, energy and chemicals and waste aspects of this project during the implementation phase. Technical oversight shall be provided by the Regional Technical Advisor (RTA) for the Project (as identified in PIMS+) in the BPPS Thematic Hub (as outlined above).

(ii) Oversight/quality assurance to ensure this project complies with GEF policies and procedures. This oversight will be provided by the BPPS/VF Hub, through the RTA (responsible), Principal Technical Advisor (PTA) for the project, as identified in PIMS+ (accountable), the Regional Team Leader (RTL) and other region-based staff, and other staff based in the BPPS/VF Hub.

Should this project be at-risk of non-compliance with any GEF requirement and deadlines, including the GEF Minimum Fiduciary Standards, the risk shall be escalated by the BPPS Planet Hub to the Deputy Regional Bureau Director for action. The BPPS/VF Hub and BPPS/Thematic Hub should be informed of risks of non-compliance. If

such risks of non-compliance are not adequately addressed, the BPPS/VF Hub Executive Coordinator shall retain the authority to suspend or revoke the Delegation of Authority, and if necessary, after consultation with the Regional Bureau Director, transfer the accountability and responsibility for the implementation of this project to another unit (e.g. the Regional Bureau) or, with the agreement of the GEF, cancel this project.

The Office of Audit and Investigation (OAI) conducts portfolio audits on the management and performance by UNDP of the vertical funds supported projects on a periodic basis. This includes, *inter alia*, Country Office audits, HACT audits, as well as the OAI Audit in relation to UNDP's management of GEF supported projects. The BPPS Planet Hub shall ensure that all recommendations made by OAI and during the HACT audits are implemented within the timeframe committed. Failure to address OAI audit recommendations in a timely manner shall entitle the BPPS/VF Hub Executive Coordinator to suspend or revoke this Delegation of Authority and, if necessary, after consultation with the Regional Bureau Director, transfer the accountability and responsibility for implementation of this project to another unit (e.g. the Regional Bureau) or, with the agreement of the GEF, cancel the project.

The BPPS Planet Hub shall ensure that the project adheres to UNDP's Social and Environmental Standards (SES) throughout the duration of the project. Failure to comply with the SES may lead to project suspension or cancellation.

The following GEF-specific requirements for this project cover project cycle management services that are to be financed by the GEF Fee received by the Country Office for this project. Any other tasks, services, or support functions are not eligible to be covered by the GEF Fee nor can they be charged to the GEF project budget.
