2. BACKGROUND

2.1 Project background

This project builds upon the support to the aid coordination architecture that was provided through the Capacity Development Programme (CDP) of the UNDP since 2013, when initial support was provided to New Deal conferences and the establishment of the Aid Coordination Unit (ACU).

During 2014 and the first half of 2015, the support was continued through an interim project until the main Capacity Development Project, the “Strengthening of Institutional Performance Project (SIP)” started operations in mid-2015. SIP then provided dedicated support to MOPIC and ACU in aid coordination functions.

The SIP also provided similar support to the Government of Puntland State and, inter alia, was instrumental in supporting the establishment of the Puntland Development Forum. Through a second project within the UNDP Capacity Development Programme, the ‘Support to Emerging Federal States – StEFS project dedicated support was provided to the new Federal Member States, including awareness raising about the New Deal and aid coordination and the participation of the states in the centralised coordination structures.

This project will serve to support the establishment and operations of the revised aid architecture; strengthen government capacity to lead aid coordination processes; and consolidate efforts provided by UN agencies and the World Bank to provide more effective, coherent, efficient support with reduced transaction costs. The project will bring together, in a coherent and mutually reinforcing way, the support that UNDP, the Integrated Office (RCO, the RMU, the UNSOM New Deal Unit) and the World Bank have been providing on aid coordination and effectiveness issues, benefitting both government and the international community.

As a result, the programme will achieve the following outcomes:

- (i) a more inclusive, effective and efficient aid architecture;
- (ii) strengthened national ownership and capacity for aid coordination processes;
- (iii) better coherence in the international community’s support for aid coordination and effectiveness.

This will then contribute towards a better managed, more capable, and more accountable Somali aid coordination and management function that supports state-building priorities, consolidates linkages between the FGS (Federal Government of Somalia) and FMS (Federal Member States), and contributes to stability and responds to citizen needs.

2.2 Background of the implementing partner

The Aid Coordination Unit provides strategic advice, information and technical support to the Offices of the President and of the Prime Minister, different line ministries and government entities. It also provides support and strategic advice to the Parliament, Federal Member States (FMSs) and the Somali Cabinet to promote the effective utilization of aid resources towards peace building, state building and development results.

UNDP works closely with the Aid Coordination Unit (ACU) by providing both technical and financial support to equip it to facilitate Pillar Working Group (PWG) meetings between Federal Government States, Federal Member States and Somalia Development and Reconstruction Forum (SDRF) stakeholders.

3. AUDIT OBJECTIVES AND SCOPE

3.1 Audit objectives

The objective of the financial audit was to express an opinion on the statement of expenses (CDR) in compliance with International Standards on Auditing (ISA). The specific objectives of the audit were to:

- Express an opinion on whether the statement of expenses (CDR) presents fairly the expense incurred by the project over a specified period, 1 January 2019 to 31 December 2019 in accordance with agreed upon accounting policies and that the expenses incurred were:
 - (i) in conformity with the approved project budgets;
 - (ii) for the approved purposes of the project;
 - (iii) in compliance with the relevant regulations and rules, policies and procedures of UNDP; and
 - (iv) supported by properly approved vouchers and other supporting documents.
- Express an opinion on whether the results of the prior year's audits resulting in modified audit opinions on the CDR had conclusive actions to properly address an audit qualification in the previous year audit. If there is a lack of conclusive actions, the auditors must take into account the possible effect of a prior year modified opinion that has not been properly corrected or resolved.
- Express an opinion on the existence of the project's statement of assets and equipment as at a given date. This statement must include all assets and equipment available as at 31 December 2019, and not only those purchased in a given period. Where a project does not have any assets or equipment, it will not be necessary to express such an opinion; however, this should be disclosed in the audit report.
- Express an opinion on the value and existence of the cash held by the project as at 31 December 2019. The Audit Firm is required to express an opinion on the statement of cash position where a dedicated bank account for the project has been established and/or the project holds petty cash. Where the project does not hold any cash, this should be disclosed in the audit report.
- To assess the project's internal controls and systems that are in place for the management of the project so that the related transactions are processed in accordance with UNDP/IP policies and procedures (as applicable) and for the achievement of the project objective.

The deliverable will be an audit report similar to a long form management letter that covers the internal controls weaknesses identified and the audit recommendations to address them.

3.2 Audit scope

The Terms of Reference (TOR) required us to review the overall management of the project's implementation, monitoring and supervision.

It also includes the review of work plans, progress reports, project resources, project budgets, project expenditure, project delivery, recruitment, operational and financial closing of projects (if applicable) and disposal or transfer of assets.

The scope of the audit also covered the review of the following areas:

- a) **Human resources:** Review of the competitiveness, transparency and effectiveness of the recruitment and hiring of personnel, including performance appraisal, attendance control, calculation of salaries and entitlements, payroll preparation and payment, and management of personnel records;

 - (iii) Evaluation of the procedures established to mitigate the risk of purchasing equipment that do not meet specifications or is later proven to be defective; and
 - (iv) Management and control over the variation orders.

Opinion

In our opinion, the accompanying financial statements are prepared, in all material respects, in accordance with the accounting policies set out in Section 6.3 and in conformity with the requirements of project document between Office of the Prime Minister - Aid Coordination Unit (ACU) and UNDP Somalia Country Office.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the organisation in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities in accordance with these requirements.

5 REPORT OF THE INDEPENDENT AUDITORS TO UNDP SOMALIA ON THE FINANCIAL STATEMENTS (Continued)

Independent auditor's opinion (Continued)

Basis for Opinion (Continued)

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion

Emphasis of Matter – Basis of Accounting and Restriction on Distribution and Use

We draw attention to Section 6.3 of this report which describes the basis of accounting. The financial statements are prepared to assist Office of the Prime Minister - Aid Coordination Unit (ACU) in complying with the financial reporting provisions of the Project Document referred to above. As a result, this report may not be suitable for another purpose. Our report is intended solely for the UNDP Somalia Country Office and Office of the Prime Minister - Aid Coordination Unit (ACU) and should not be distributed to or used by parties other than the aforementioned parties. Our opinion is not modified in respect of this matter.

Responsibilities of Management and Those Charged with Governance of the Financial Statements

Management is responsible for the preparation of the financial statements that give a true and fair view in accordance with the basis of accounting described in Section 6.3 and in compliance with the requirements of the Project Document signed between UNDP Somalia Country Office and Office of the Prime Minister - Aid Coordination Unit (ACU), and for such internal controls as management determine are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the management is responsible for assessing the project's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intend to liquidate the projects assets or to cease operations, or have no realistic alternative but to do so. Those charged with governance are responsible for overseeing Office of the Prime Minister - Aid Coordination Unit (ACU) financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Office of the Prime Minister - Aid Coordination Unit (ACU) internal control.

5 REPORT OF THE INDEPENDENT AUDITORS TO UNDP SOMALIA ON THE FINANCIAL STATEMENTS (Continued)

Independent auditor's opinion (Continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the managements' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such notes are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the notes, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
