Annex [2]. Social and Environmental Screening Template

The completed template, which constitutes the Social and Environmental Screening Report, must be included as an annex to the Project Document. Please refer to the <u>Social and Environmental Screening Procedure</u> and <u>Toolkit</u> for guidance on how to answer the 6 questions.

Project Information

|---------------------|----------------------------------|---|
| 1 | Project Title | Strengthening MSME Business Membership Organizations in Ukraine: Phase II (2019-2023) |
| 2 | Project Number | Atlas Award ID: 00110134, Project ID: 00109217 |
| 3 | Location (Global/Region/Country) | Ukraine |

Part A. Integrating Overarching Principles to Strengthen Social and Environmental Sustainability

QUESTION 1: How Does the Project Integrate the Overarching Principles in order to Strengthen Social and Environmental Sustainability?

Briefly describe in the space below how the Project mainstreams the human-rights based approach

This Project will be implemented following a rights-based approach encompassing all human rights. The five working principles will be applied at all stages of implementation: legality, universality and indivisibility of human rights; participation and access to the decision-making process; non-discrimination and equal access; accountability and access to the rule of law; transparency and access to information.

Briefly describe in the space below how the Project is likely to improve gender equality and women's empowerment

Women empowerment and gender equality are the cross-cutting challenges the project will address. Gender considerations will be integrated into organizational policies, services, advocacy activities of the BMOs and public private-dialogue. The Project will also include at least 2 women's BMOs in the list of partner organizations and provide them a broad capacity development assistance, as well as incorporate proper organizational policies and gender lenses in all other BMOs, thus enabling them to address the needs of women-owned and women-led enterprises and contribute to women's economic empowerment.

Briefly describe in the space below how the Project mainstreams environmental sustainability

The project will assist selected BMOs in designing the specific BDS aimed at increasing sustainability of member entrepreneurs including training, consultations etc. to ensure that more entrepreneurs are fully aware of the social, environmental, and economic impact that the developed business activity is having on the territory or community and are able to conform with the required social and environmental standards. The project will also promote green practices among MSMEs.

Part B. Identifying and Managing Social and Environmental Risks

| QUESTION 2: What are the Potential Social and Environmental Risks? Note: Describe briefly potential social and environmental risks identified in Attachment 1 – Risk Screening Checklist (based on any "Yes" responses). If no risks have been identified in Attachment 1 then note "No Risks Identified" and skip to Question 4 and Select "Low Risk". Questions 5 and 6 not required for Low Risk Projects. | potential so | ocial and envir | level of significance of th onmental risks? 4 and 5 below before proceed | | QUESTION 6: What social and environmental assessment and management measures have been conducted and/or are required to address potential risks (for Risks with Moderate and High Significance)? |
|---|------------------------------------|---|--|----------|--|
| Risk Description | Impact and Probability (1-5) | Significance (Low, Moderate, High) | Comments | | Description of assessment and management measures as reflected in the Project design. If ESIA or SESA is required note that the assessment should consider all potential impacts and risks. |
| Risk 1: No Risks identified | I = P = | | | | |
| Risk 2 | I = P = | | | | |
| Risk 3: | I = P = | | | | |
| Risk 4: | I = P = | | | | |

Final Sign Off

| Signature | Date | Description |
|-------------------|-----------|--|
| QA Assessor | 5/18/2020 | UNDP staff member responsible for the Project, typically a UNDP Programme Officer. Final signature |
| Maria Gutsman, PA | | confirms they have "checked" to ensure that the SESP is adequately conducted. |
| QA Approver | 5/18/2020 | UNDP senior manager, typically the UNDP Deputy Country Director (DCD), Country Director (CD), Deputy |
| Manal Fouani, DRR | | Resident Representative (DRR), or Resident Representative (RR). The QA Approver cannot also be the |
| Main al Fair | 114 (| QA Assessor. Final signature confirms they have "cleared" the SESP prior to submittal to the PAC. |
| PAC Chair | 5/18/2020 | UNDP chair of the PAC. In some cases PAC Chair may also be the QA Approver. Final signature confirms |
| Manal Fouani, DRR | | that the SESP was considered as part of the project appraisal and considered in recommendations of the |
| | | PAC. |

SESP Attachment 1. Social and Environmental Risk Screening Checklist

| Che | cklist Potential Social and Environmental <u>Risks</u> | |
|----------------------------|--|-----|
| Principles 1: Human Rights | | |
| 1. | Could the Project lead to adverse impacts on enjoyment of the human rights (civil, political, economic, social or cultural) of the affected population and particularly of marginalized groups? | No |
| 2. | Is there a likelihood that the Project would have inequitable or discriminatory adverse impacts on affected populations, particularly people living in poverty or marginalized or excluded individuals or groups? ¹ | No |
| 3. | Could the Project potentially restrict availability, quality of and access to resources or basic services, in particular to marginalized individuals or groups? | No |
| 4. | Is there a likelihood that the Project would exclude any potentially affected stakeholders, in particular marginalized groups, from fully participating in decisions that may affect them? | No |
| 5. | Is there a risk that duty-bearers do not have the capacity to meet their obligations in the Project? | Yes |
| 6. | Is there a risk that rights-holders do not have the capacity to claim their rights? | No |
| 7. | Have local communities or individuals, given the opportunity, raised human rights concerns regarding the Project during the stakeholder engagement process? | No |
| 8. | Is there a risk that the Project would exacerbate conflicts among and/or the risk of violence to project-affected communities and individuals? | No |
| Princ | iple 2: Gender Equality and Women's Empowerment | |
| 1. | Is there a likelihood that the proposed Project would have adverse impacts on gender equality and/or the situation of women and girls? | No |
| 2. | Would the Project potentially reproduce discriminations against women based on gender, especially regarding participation in design and implementation or access to opportunities and benefits? | No |
| 3. | Have women's groups/leaders raised gender equality concerns regarding the Project during the stakeholder engagement process and has this been included in the overall Project proposal and in the risk assessment? | No |
| 4. | Would the Project potentially limit women's ability to use, develop and protect natural resources, taking into account different roles and positions of women and men in accessing environmental goods and services? | No |
| | For example, activities that could lead to natural resources degradation or depletion in communities who depend on these resources for their livelihoods and well being | |
| | iple 3: Environmental Sustainability: Screening questions regarding environmental risks are encompassed by pecific Standard-related questions below | |
| Stand | dard 1: Biodiversity Conservation and Sustainable Natural Resource Management | |
| 1.1 | Would the Project potentially cause adverse impacts to habitats (e.g. modified, natural, and critical habitats) and/or ecosystems and ecosystem services? | No |

¹ Prohibited grounds of discrimination include race, ethnicity, gender, age, language, disability, sexual orientation, religion, political or other opinion, national or social or geographical origin, property, birth or other status including as an indigenous person or as a member of a minority. References to "women and men" or similar is understood to include women and men, boys and girls, and other groups discriminated against based on their gender identities, such as transgender people and transsexuals.

| | For example, through habitat loss, conversion or degradation, fragmentation, hydrological changes | |
|-------|---|----|
| 1.2 | Are any Project activities proposed within or adjacent to critical habitats and/or environmentally sensitive areas, including legally protected areas (e.g. nature reserve, national park), areas proposed for protection, or recognized as such by authoritative sources and/or indigenous peoples or local communities? | No |
| 1.3 | Does the Project involve changes to the use of lands and resources that may have adverse impacts on habitats, ecosystems, and/or livelihoods? (Note: if restrictions and/or limitations of access to lands would apply, refer to Standard 5) | No |
| 1.4 | Would Project activities pose risks to endangered species? | No |
| 1.5 | Would the Project pose a risk of introducing invasive alien species? | No |
| 1.6 | Does the Project involve harvesting of natural forests, plantation development, or reforestation? | No |
| 1.7 | Does the Project involve the production and/or harvesting of fish populations or other aquatic species? | No |
| 1.8 | Does the Project involve significant extraction, diversion or containment of surface or ground water? For example, construction of dams, reservoirs, river basin developments, groundwater extraction | No |
| 1.9 | Does the Project involve utilization of genetic resources? (e.g. collection and/or harvesting, commercial development) | No |
| 1.10 | Would the Project generate potential adverse transboundary or global environmental concerns? | No |
| 1.11 | Would the Project result in secondary or consequential development activities which could lead to adverse social and environmental effects, or would it generate cumulative impacts with other known existing or planned activities in the area? | No |
| | For example, a new road through forested lands will generate direct environmental and social impacts (e.g. felling of trees, earthworks, potential relocation of inhabitants). The new road may also facilitate encroachment on lands by illegal settlers or generate unplanned commercial development along the route, potentially in sensitive areas. These are indirect, secondary, or induced impacts that need to be considered. Also, if similar developments in the same forested area are planned, then cumulative impacts of multiple activities (even if not part of the same Project) need to be considered. | |
| Stand | ard 2: Climate Change Mitigation and Adaptation | |
| 2.1 | Will the proposed Project result in significant ² greenhouse gas emissions or may exacerbate climate change? | No |
| 2.2 | Would the potential outcomes of the Project be sensitive or vulnerable to potential impacts of climate change? | No |
| 2.3 | Is the proposed Project likely to directly or indirectly increase social and environmental vulnerability to climate change now or in the future (also known as maladaptive practices)? | No |
| | For example, changes to land use planning may encourage further development of floodplains, potentially increasing the population's vulnerability to climate change, specifically flooding | |
| Stand | ard 3: Community Health, Safety and Working Conditions | |
| 3.1 | Would elements of Project construction, operation, or decommissioning pose potential safety risks to local communities? | No |
| 3.2 | Would the Project pose potential risks to community health and safety due to the transport, storage, and use and/or disposal of hazardous or dangerous materials (e.g. explosives, fuel and other chemicals during construction and operation)? | No |

_

² In regards to CO₂, 'significant emissions' corresponds generally to more than 25,000 tons per year (from both direct and indirect sources). [The Guidance Note on Climate Change Mitigation and Adaptation provides additional information on GHG emissions.]

| No Does the Project involve large-scale infrastructure development (e.g. dams, roads, buildings)? No Would failure of structural elements of the Project pose risks to communities? (e.g. collapse of buildings or infrastructure) No would the proposed Project be susceptible to or lead to increased vulnerability to earthquakes, subsidence, landslides, erosion, flooding or extreme climatic conditions? No Would the Project result in potential increased health risks (e.g. from water-borne or other vector-borne diseases or communicable infections such as HIV/AIDS)? 3.7 Does the Project pose potential risks and vulnerabilities related to occupational health and safety due to physical, chemical, biological, and radiological hazards during Project construction, operation, or decommissioning? 3.8 Does the Project involve support for employment or livelihoods that may fail to comply with national and international labor standards (i.e. principles and standards of ILO fundamental conventions)? 3.9 Does the Project ages ecurity personnel that may pose a potential risk to health and safety of communities and/or individuals (e.g. due to a lack of adequate training or accountability)? Standard 4: Cultural Heritage 4.1 Will the proposed Project result in interventions that would potentially adversely impact sites, structures, or objects with historical, cultural, artistic, traditional or religious values or intangible forms of culture (e.g., knowledge, innovations, practices)? (Note: Projects intended to protect and conserve Cultural Heritage may also have inadvertent adverse impacts) 4.2 Does the Project propose utilizing tangible and/or intangible forms of cultural heritage for commercial or other purposes? Standard 5: Displacement and Resettlement 5.1 Would the Project possibly result in economic displacement (e.g. loss of assets or access to resources due to land acquisition or access restrictions – even in the absence of physical relocation)? No other purposed Project possibly result in economic displacement (e.g | | | |
|---|-------|--|----|
| Mould the proposed Project be susceptible to or lead to increased vulnerability to earthquakes, subsidence, landslides, erosion, flooding or extreme climatic conditions? | 3.3 | Does the Project involve large-scale infrastructure development (e.g. dams, roads, buildings)? | No |
| subsidence, landslides, erosion, flooding or extreme climatic conditions? Would the Project result in potential increased health risks (e.g. from water-borne or other vector-borne diseases or communicable infections such as HIV/AIDS)? 3.7 Does the Project pose potential risks and vulnerabilities related to occupational health and safety due to physical, chemical, biological, and radiological hazards during Project construction, operation, or decommissioning? 3.8 Does the Project involve support for employment or livelihoods that may fail to comply with national and international labor standards (i.e. principles and standards of it.IO fundamental conventions)? 3.9 Does the Project engage security personnel that may pose a potential risk to health and safety of communities and/or individuals (e.g. due to a lack of adequate training or accountability)? Standard 4: Cultural Heritage 4.1 Will the proposed Project result in interventions that would potentially adversely impact sites, structures, or objects with historical, cultural, artistic, traditional or religious values or intangible forms of culture (e.g. knowledge, innovations, practices)? (Note: Projects intended to protect and conserve Cultural Heritage may also have inadvertent adverse impacts) 4.2 Does the Project propose utilizing tangible and/or intangible forms of cultural heritage for commercial or other purposes? Standard 5: Displacement and Resettlement 5.1 Would the Project portentially involve temporary or permanent and full or partial physical displacement? No land acquisition or access restrictions – even in the absence of physical relocation)? 5.2 Would the Project possibly result in economic displacement (e.g. loss of assets or access to resources due to land acquisition or access restrictions – even in the absence of physical relocation)? 5.4 Would the proposed Project possibly affect land tenure arrangements and/or community based property rights/customary rights to land, territories and/or resources? Standard 6: Indigenous peoples | 3.4 | | No |
| diseases or communicable infections such as HIV/AIDS)? Does the Project pose potential risks and vulnerabilities related to occupational health and safety due to physical, chemical, biological, and radiological hazards during Project construction, operation, or decommissioning? 3.8 Does the Project involve support for employment or livelihoods that may fail to comply with national and international labor standards (i.e. principles and standards of ILO fundamental conventions)? 3.9 Does the Project engage security personnel that may pose a potential risk to health and safety of communities and/or individuals (e.g. due to a lack of adequate training or accountability)? Standard 4: Cultural Heritage 4.1 Will the proposed Project result in interventions that would potentially adversely impact sites, structures, or objects with historical, cultural, artistic, traditional or religious values or intangible forms of culture (e.g. knowledge, innovations, practices)? (Note: Projects intended to protect and conserve Cultural Heritage may also have inadvertent adverse impacts) 4.2 Does the Project propose utilizing tangible and/or intangible forms of cultural heritage for commercial or other purposes? Standard 5: Displacement and Resettlement 5.1 Would the Project potentially involve temporary or permanent and full or partial physical displacement? No to land acquisition or access restrictions – even in the absence of physical relocation)? 5.3 Is there a risk that the Project would lead to forced evictions? No 4.4 Would the proposed Project possibly affect land tenure arrangements and/or community based property rights/customary rights to land, territories and/or resources? Standard 6: Indigenous peoples present in the Project area (including Project area of influence)? No 1.4 Are indigenous peoples Project potentially affect the human rights, lands, natural resources, territories, and truditional livelihoods of indigenous peoples (regardless of whether indigenous peoples possess the legal titles to such area | 3.5 | | No |
| physical, chemical, biological, and radiological hazards during Project construction, operation, or decommissioning? 3.8 Does the Project involve support for employment or livelihoods that may fail to comply with national and international labor standards (i.e. principles and standards of It.O fundamental conventions)? 3.9 Does the Project engage security personnel that may pose a potential risk to health and safety of communities and/or individuals (e.g. due to a lack of adequate training or accountability)? Standard 4: Cultural Heritage 4.1 Will the proposed Project result in interventions that would potentially adversely impact sites, structures, or objects with historical, cultural, artistic, traditional or religious values or intangible forms of culture (e.g. knowledge, innovations, practices)?
