

Annex A: Site Photos

Silgal 2 borehole:

Activity	%Completed
Fencing	
Site clearance and excavation	100%
Excavation of trench	100%
Foundation Walling	100%
Ground Beam	100%
Block walling	100%
Submersible Pump	
Purchase of the pump – 15HP	100%
Delivery	100%
Installation of the pump	100%
Piping	
Piping site clearance and excavation	100%
Laying and connection of pipes	100%
Fittings	100%
Back filling	100%
Site levelling and site clearance	100%

Completed fence walling and gate installation © IOM 2018

Completed perimeter wall © IOM 2018

Completed perimeter fencing © IOM 2017

Completed access gate installation © IOM 2017

Functional pump © IOM 2018

Completed rubble walling © IOM 2018

Silgal 1 Borehole:

Activity	%Completed
Guard house	
Site clearance and excavation	100%
Excavation of trench	100%
Foundation Walling	100%
Ground Beam	100%
Block walling	100%
Roofing	100%
Door/window installation	100%
Plastering and painting	100%
Floor finish	100%
Submersible pump	
Purchase of the pump – 15HP	Done
Delivery	Done
Installation of the pump	Done
Piping	
Piping system	Done
45KVA Duo Genst	
Duo genset	Delivered and installed

Completed guard house © IOM 2017

IOM staff and borehole guard © IOM 2017

Completed guard house © IOM 2018

Purchased and installed generator © IOM 2018

Somefom Borehole:

Activity	%Completed
Fencing	
Site clearance and excavation	100%
Excavation of trench	100%
Foundation Walling	100%
Ground Beam	100%
Block walling	100%
MS gate	installed
Submersible pump	
Purchase of the pump – 15HP	Done
Delivery	Done
Installation of the pump	Done
Piping	
Procurement	Done
Installation	Done
Elevated water tank	
Site clearance	100%
Excavation of foundation walling	100%
Material delivery	100%
Base slap	100%
Footing of Columns	100%
Beams	100%
Columns	100%
Main tank concrete	100%
Water bearing and Cover slab	100%
Walling	100%
Plastering and finishing	100%
Painting	100%
Ladder	100%
Toilet and septic tank	
Construction works	100%

Completed elevated water tank © IOM 2018

Completed walling and toilet © IOM 2018

Installed M.S gate © IOM 2018

Sodonka Borehole:

Elevated water tank	100% complete
Submersible pump 15HP with all its accessories	Purchased and installed
Piping system	Installed
Fencing	Completed

Completed elevated water tank © IOM 2018

Installed pump and piping © IOM 2018

Bonkay 2 Borehole:

Piping system	Installed and completed
Elevated water tank	Completed
Submersible pump 15HP with all accessories	Pump installed and completed
New water kiosk	Done

Completed elevated water tank © IOM 2018

Completed elevated water tank © IOM 2018

Completed water kiosk © IOM 2018

Completed water kiosk © IOM 2018

Caafi 2 Borehole:

Submersible pump 15HP with all accessories	Procured and installed
Piping system	Procured and installed
45 KVA duo Genset	Procured and installed
Toilet and septic tank	Done
Fencing	Completed

Completed stone rubble fencing © IOM 2018

Installed M.S gate © IOM 2018

Duo genset generator © IOM 2018

Constructed water kiosk © IOM 2018 (few repairs remaining)

Installed pump and piping © IOM 2018

Water pumped from the installed new pump piped in the compound ©
IOM 2018

Constructed latrine © IOM 2018

Constructed latrine © IOM 2018

Completed boundary wall © IOM 2018

Mursal borehole:

Submersible pump 15HP with all accessories	Procured and Installed
Piping system	Procured, delivered and installed
Gate valve and control panels of the pump	Procured and installed
Elevated water tank	Completed
45KVA duo Genset	Delivered and installed

Completed elevated water tank © IOM 2018

Completed elevated water tank © IOM 2018

Installed pump and piping © IOM 2018

Duo Genset generator © IOM 2018

Caafi 1 borehole:

Submersible pump 15HP with all accessories	Procured and installed
Piping system	Procured, delivered and installed
45 KVA duo Genset	Procured delivered and installed
New water kiosk	Constructed

Duo Genset generator © IOM 2018

Installed pump and piping © IOM 2018

Wakaalada Borehole:

Submersible pump 15HP with all accessories	Procured and kept as standby pump
Piping system	Procured and Installed

Berhanoy Borehole:

Elevated water tank	Completed
30KVA duo Genset	Procured, delivered and installed
2 No. animal troughs	Completed

Completed elevated water tank © IOM 2018

Completed animal troughs © IOM 2018

Completed animal troughs connected to water supply © IOM 2018

Installed pump © IOM 2018

Purchased and installed generator © IOM 2018

Bonkay 4 Borehole:

Guard house	Completed
Submersible pump 15HP with all its accessories	Pump installed
Piping system	Installed and completed

Constructed guard house © IOM 2018

Rehabilitated generator room © IOM 2018
