

**Project Title: Governance for Resilience in the Pacific**

**ATLAS ID:** 116538

**Applicable Output from the SRPD (2018 - 2022):**

UNDP SRPD Outcome 1: By 2022, people and ecosystems in the Pacific are more resilient to the impacts of climate change, climate variability and disasters; and environmental protection is strengthened

UNDP SRPD Output 1.2: Effective risk-informed development plans disaster preparedness and recovery mechanisms in place at the national sector and subnational levels

UNDP 2018-2021 Output 2.4: Solutions developed financed and applied at scale to reduce disaster risks and promote climate change adaptation promote the sustainable use of natural resources and green commodity chains and transform to clean energy and zero-carbon development

**QUARTER 1 2022**

**Deadline: This section will be locked on April 30 2022**

Outcome	Output Indicators:	End of Project Targets:	Annual Targets 2022:	Status	Activities and Achievements Progress	Links to Evidence
<b>Output 1.1 GS&amp;I RID is integrated into government systems of policy, planning, budgeting and M&amp;E</b>	1.1.1 Numbers of nationally endorsed tools, guidelines and checklists that integrate or support GS&I CC&D risk management	19	7	On track with some delays	1.1.1 - Support was provided towards Tuvalu Ministry of Finance to map forward climate change and disaster risk considerations into the central agency appraisal system. Activities in Quarter 1 included (i) initial sensitising workshop and brainstorming on ideas for appraisal initiative; (ii) formation of a working group responsible for design and implementation of the initiative. This included representatives from both planning and climate change division (within MoF), (iii) development of methodology for a capacity assessment of the current central appraisal system and (iv) basic training on capacity assessment methodology.	<a href="https://undp.sharepoint.com/:f/s">https://undp.sharepoint.com/:f/s</a>
	1.1.2 Number of Investment appraisal guidelines and budget circulars which include clear reference to GS&I CC&D risk	19	7	In progress	1.1.1 - Ongoing discussions with Vanuatu Department on potential partnership and draft LoA.  1.1.1 - Following the endorsement of the proposal for the creation of 4 positions by the Cabinet, ongoing discussions with Fiji Ministry of Economy's climate change division, budget and planning, and treasury have taken place to finalise ToR for two positions. Aside from this process, the draft LoA has been revised to reflect delays in the process.	
	1.1.3 Number of national level M&E assessments, tools and guidelines which include attention to GS&I CC&D risk	19	7	In progress	1.1.2 - Ongoing discussion with Tonga Aid Coordination and Resilience Department on the design of the Climate Change Typology.	
<b>Output 1.2 GS&amp;I RID is embedded into community</b>	1.2.1 Number of budget submissions which have explicit reference to GS&I				1.2.1 and 1.2.2 - Capacity building workshops on RID in budgetary and planning processes was conducted for 41 district and provincial level staff of Fiji's Ministry of Rural, Maritime Development and Disaster Management (MRMDDM). The training	

<b>and sector development in a way that will influence national government systems</b>	CC&D risk  1.2.2 Number of sector measures which reference GS&I CC&D risk  1.2.3 Number of targeted implementation projects able to demonstrate: <ul style="list-style-type: none"> <li>• increased cost efficiencies and savings,</li> <li>• leveraging of additional resources,</li> <li>• increased wellbeing for people.</li> </ul>	60  12  21	15  4  7	Delayed  On track  On track	<p>           rural, maritime development and disaster management (MRMDDM). The training specifically focused on risk integration within project planning for specific sectoral projects.         </p> <p>           1.2.1 - Technical support was provided to MRMDDM staff in completion of budget submission with explicit reference to RID costs. A total of 37 projects submitted as part of MRMDDM's CAPEX budget for Quarter 3 was risk-informed.         </p> <p>           1.2.3 - Small Grants Initiative extended (Phase 1b) rollout to additional 17 CSOs. These entities were invited to revise proposals for consideration and review.         </p> <p>           1.2.3 - SGI Capacity building training on reporting and implementation was conducted with 27 CSO organisations (31 projects) on one-to-one basis (encouraging development of communities of practice)         </p> <p>           1.2.2 - Signing of the UN to UN agreement between UNDP and UNCDF to transfer funds through the Provincial Capacity Development Fund (PCDF) to embed RID into provincial projects.         </p> <p>           1.2.3 - Onboarding of SGI Project officer         </p> <p>           1.2.3 Tonga recovery; Country Coordinator and Grantee reporting and communications onboarding sessions for SGI (3 sessions held).         </p>
<b>Output 1.3 Gender and social inclusion representatives actively participating in shaping RID for government systems</b>	1.3.1 Number of national Ministries responsible for gender who participate in assessment and appraisal of planning  1.3.2 Number of sectors in which a national Ministry responsible for gender supports to develop planning and  1.3.3 Number of sectors and apex ministries using risk maps produced by GIS functions to inform development planning and budgeting	11  19	4  7	On track  On track	<p>           1.3.3 - Field visit was conducted with UN Women and other UN Agencies to Gov4Res project sites as part of the International Day for Women. A project site story reflecting women's perspective was developed and published by the UNDP Pacific Office.         </p> <p>           1.3.3 - Gov4Res GESI Action plan launched and circulated to project stakeholders.         </p> <p>           1.3.1 - Discussions with Solomon Islands Ministry of Women, Youth, Children and Family Affairs on potential areas of collaboration on GESI in RID activities and processes. It is envisioned that a draft LoA will be in place by the next quarter.         </p>
<b>Output 2.1 Accountability: there is risk informed, independent scrutiny of government</b>	2.1.1 Number of Audit reports which give increased attention to GS&I CC&D risk  2.1.2 Number of Budget analyses and briefs which include mature analysis of GS&I CC&D risk	17  17	6  6	In progress  Delayed	<p>           2.1.1 - Ongoing discussions with Parliamentary team and UK based consultant on next steps of engagement. A concept note has been developed to support future programming of work under Output 2.1 with Effective Governance team, pending approval.         </p>
<b>Output 2.2 Voice of Society: there is risk informed engagement and</b>	2.2.1 Number of times there is public scrutiny of the GS&I CC&D risk inclusion in development investments	12	3	Delayed	<p>           2.2.2 - Ongoing discussions with UNDP PFM project to facilitate Introduction to PFM Training for CSO's. The selected CSOs for this training are part of the project's SGI. The training will include component on budget analysis through the RID lens         </p>

<b>scrutiny by civil society</b>				
	2.2.2 Number of times CSO are engaged, particularly women's organisations, in	10	3	Delayed
<b>Output 3.1 Countries are working collectively to influence other countries, regional actors and their own country systems and government</b>	3.1.1 Number of actions and statements related to RID, not initiated by the project, emerge from PI countries	20	6	In progress
				<p>3.1.1 - Following the volcanic eruption, Tonga's Aid Coordination Division are currently leading rehabilitation and recovery work have actively advocated for RID within design and implementation of the initiatives at the sectoral and community level. The project has also been remotely supporting UNDP's Tonga Recovery Programming.</p> <p>3.1.1 The Ministry of Rural and Maritime Development and Disaster Management have applied #innovative costing methodologies to better understand the cost of managing #climatechange and #disasters in development, as the UNDP #Gov4Res &amp; the UNDP in India att CFN knowledge sharing session.</p> <p><a href="https://www.linkedin.com/posts/undp-pacific_fiji-innovative-climatechange-activity-">https://www.linkedin.com/posts/undp-pacific_fiji-innovative-climatechange-activity-</a></p>
<b>Output 3.2 Regional agents (CROP, donors, regional programmes) are cognizant of, equipped to and in some situations are leading on GS&amp;I RID</b>	3.2.1 Regional agents report that they are promoting GS&I RID	20	6	In progress
	3.2.2 Number of regional resilience initiatives and policies supporting country led GS&I RID	16	5	In progress
				<p>3.2.1 - Following the signing of the LoA with CLGF in December 2021, work this quarter has been focused on development of consolidated workplan and budgets to undertake respective activities. The workplans for CLGF is to be finalised by Quarter 2, 2022.</p> <p>3.2.1 - Development of options paper for PIFS PFM &amp; CF TWG</p> <p>3.2.1 - Draft of PIFS LoA and terms of reference for 2 positions with PIFS Resilience Team.</p> <p>3.2.2 - Developed research brief to outline ideas of how local government can be part of the Resilience learning week organized by PIFS in August.</p> <p>3.2.2 - Gov4Res project contributed towards the Climate Finance Network Inception workshop. The inception workshop was part of the formalisation of grant agreement processes.</p> <p>Learning: The process of developing the Options Paper for PIFS TWG has helped to refine the ideas on this group and how best it can add value to the regional space. Specifically - what does it mean to have a mandate from FEMM and how best can this mechanisms be utilised to address some of the coordination issues between stakeholders working on technical issues related to climate finance access and effectiveness. Furthermore, it has also shown that Gov4Res support for the broader PIFS resilience team (rather than just the TWG) will be important for sustainability and reach within member countries</p>

Risks	Mitigation Action	Risk Owners	Status	Mitigation Action Progress	Links to Evidence
COVID-19 pandemic reduces project staff ability to travel, pre-occupies partner governments and reduces ability of project to form new relationships which has immediate impact on ability to achieve activities proposed in annual work plan	<ul style="list-style-type: none"> <li>Undertake scenario planning for potential impacts on project considering different impacts on countries, and management responses</li> <li>Increase programming focus on countries team has existing relationship with (e.g. SOI, TON, FIJ, VAN, TUV)</li> <li>Adjust work plan and manage expectations with impacted country partners, including giving consideration to supporting immediate response</li> </ul>	Team	Ongoing	Reflection session on financing risk informed development session with team.	
Governments are consumed with other developmental/ political challenges (e.g. coup, disaster) further compounding impact of COVID-19	<ul style="list-style-type: none"> <li>Maintain strong partnerships with government, donors and regional agents to ensure all needs and expectations are clarified and met</li> <li>Re-programme to support countries with new immediate needs</li> </ul>	Team	Ongoing
