**PROJECT DOCUMENT - AMENDMENT**

**Republic of Serbia**

17-05-2018 20 \_\_\_\_\_ год.

БЕОГРАД

**Project Title:** Strengthening the Oversight Role and Transparency of the Parliament, 2<sup>nd</sup>  
Phase – PROJECT AMENDMENT

**Project Number:** 90554

**Implementing Partner:** National Assembly of the Republic of Serbia

**Start Date:** 18 May 2018 **End Date:** 17 May 2019 **PAC Meeting date:** 18 May 2018

**Brief Description**

*The present amendment to the project catalyses an entry point with the Serbian National Assembly, towards its greater involvement over Agenda 2030, mainstreaming UNDP's support wider, at the national level, with the Executive, local level government and exploring potentials for further Serbia's regional cooperation on accelerating the implementation of Sustainable Development Goals<sup>1</sup>.*

*Both the Legislative Branch and the Executive have formed working bodies, comprised of state officials and experts for implementing and overseeing measures for attaining SDGs. Such an institutional setup testifies to the existence of political determination to effect concrete measures and this project amendment will support, primarily the National Assembly and a number of local assemblies in preparing for monitoring the Executive's work on implementation, as a first entry point, and the Executive reporting to the Parliament and developing necessary analyses and data tracking.*

*More concretely, the project will support the Legislative and Executive to take stock vertically of gaps in reaching SDGs and propose solutions for closing them, through UNDP supported parliamentary mechanisms such as public hearings and mobile committee sessions, which have proven effective (for more information, see: <https://youtu.be/Q5iHJg1E46I>). Special focus will be put on SDG5, in cooperation with the Women's Parliamentary Network in Serbia, which will be supported in reaching out to the local level. Going further, the project will expand its work at the local level, by mainstreaming SDGs in local assemblies' discussions and outreach efforts and support the implementation of SDG16 by upscaling the introduction of e-parliament at local level, with digital transformation having been recognized as an SDG accelerator. The Serbian Parliament has already been recognized in the Western Balkans subregion for the work of its informal caucuses, including the Focus Group on SDGs. Through this project amendment, UNDP will support South-South cooperation, by fostering peer exchanges among MPs in the subregion for the purpose of replicating good practices in SDG monitoring, thus creating a track record for potential regional programming. Finally, the entry point with Parliament has enabled UNDP to initiate cooperation with the Executive in support of attaining SDGs and reporting to the Parliament on SDGs implementation. Through the present project amendment, UNDP will support the Office of the Prime Minister and bodies relevant for attainment of SDGs through engagement in the aforementioned activities (in particular, public hearings and mobile committee sessions), through expertise for strategic discussions on future visioning for sustainable development, with the support of UNDP's regional Knowledge and Innovation Team and laying basis for development of a digital SDG platform at national level, aimed at bringing together the relevant stakeholders, information and initiatives of national and international partners, for attainment of SDGs.*

**Contributing Outcome (UNDAF/CPD, RPD or GPD):**

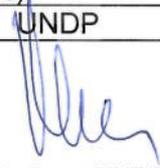

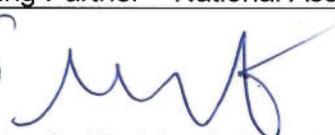

By 2020, governance institutions at all levels have enhanced accountability and representation to provide better quality services to people and the economy.

**Indicative Output(s):**

Output 3: Representation and accountability at all levels

<b>Total resources required:</b>	<b>300,000 USD</b>
