1. Does the project specify how it will contribute to higher level change through linkage to the programme's Theory of Change?

- 3: *The project is clearly linked to the programme's theory of change. It has an explicit change pathway that explains how the project will contribute to outcome level change and why the project's strategy will likely lead to this change. This analysis is backed by credible evidence of what works effectively in this context and includes assumptions and risks.*
- 2: The project is clearly linked to the programme's theory of change. It has a change pathway that explains how the project will contribute to outcome-level change and why the project strategy will likely lead to this change.
- 1: The project document may describe in generic terms how the project will contribute to development results, without an explicit link to the programme's theory of change.

**Evidence:**

Se adjunta el documento de proyecto, donde se puede ver la vinculación con la teoría de cambio.

2. Is the project aligned with the UNDP Strategic Plan?

- 3: *The project responds to at least one of the development settings as specified in the Strategic Plan<sup>1</sup> and adapts at least one Signature Solution<sup>2</sup>. The project's RRF includes all the relevant SP output indicators. (all must be true)*
- 2: The project responds to at least one of the development settings as specified in the Strategic Plan<sup>4</sup>. The project's RRF includes at least one SP output indicator, if relevant. (both must be true)
- 1: The project responds to a partner's identified need, but this need falls outside of the UNDP Strategic Plan. Also select this option if none of the relevant SP indicators are included in the RRF.

**Evidence:**

Corresponde acelerar transformaciones estructurales para el desarrollo sostenible, específicamente, la solución de fortalecer una gobernanza efectiva e inclusiva.

3. Is the project linked to the programme outputs? (i.e., UNDAF Results Group Workplan/CPD, RPD or Strategic Plan IRRF for global projects/strategic interventions not part of a programme)

- Yes  
 No

**Evidence:**

El proyecto se vincula con el Efecto 6: Al 2026, las instituciones salvadoreñas fortalecen la gobernabilidad democrática garantizando el Estado de Derecho y la participación política y cívica inclusiva, así como la prevención y combate de la corrupción, fomentando la transparencia y la rendición de cuentas. 4. Do the project target groups leave furthest behind?

- 3: *The target groups are clearly specified, prioritising discriminated, and marginalized groups left furthest behind, identified through a rigorous process based on evidence.*
- 2: The target groups are clearly specified, prioritizing groups left furthest behind.
- 1: The target groups are not clearly specified.

**Evidence:**

El proyecto se enfoca en el empoderamiento de las j uventudes, especialmente las rurales. Se adjunta pr odoc.

5. Have knowledge, good practices, and past lessons learned of UNDP and others informed the project design?

- 3: *Knowledge and lessons learned backed by credible evidence from sources such as evaluation, corporate policies/strategies, and/or monitoring have been explicitly used, with appropriate referencing, to justify the approach used by the project.*
- 2: The project design mentions knowledge and lessons learned backed by evidence/sources but have not been used to justify the approach selected.
- 1: There is little, or no mention of knowledge and lessons learned informing the project design. Any references made are anecdotal and not backed by evidence.

**Evidence:**

El proyecto es parte del Programa Conjunto que se implementa con dos agencias del SNU; OIT y UNFPA, retoma lecciones aprendidas de las evaluaciones de otros proyectos PBF. Se adjunta la evaluación del proyecto "Mujeres Libres de Violencia en el Transporte Publico" y también toma en consideración la apuesta estratégica del SNU para los PBF en El Salvador.

6. Does UNDP have a clear advantage to engage in the role envisioned by the project vis-à-vis national / regional / global partners and other actors?

- 3: An analysis has been conducted on the role of other partners in the area where the project intends to work, and credible evidence supports the proposed engagement of UNDP and partners through the project, including identification of potential funding partners. It is clear how results achieved by partners will complement the project's intended results and a communication strategy is in place to communicate results and raise visibility vis-à-vis key partners. Options for south-south and triangular cooperation have been considered, as appropriate. (all must be true)
- 2: Some analysis has been conducted on the role of other partners in the area where the project intends to work, and relatively limited evidence supports the proposed engagement of and division of labour between UNDP and partners through the project, with unclear funding and communications strategies or plans.
- 1: No clear analysis has been conducted on the role of other partners in the area that the project intends to work. There is risk that the project overlaps and/or does not coordinate with partners' interventions in this area. Options for south-south and triangular cooperation have not been considered, despite its potential relevance.

**Evidence:**

El PNUD, esta en ventaja para implementar el proyecto. Se hizo el analisis y no solo por su experiencia en liderar proyectos PBF sino en hacerlo de forma efectiva y eficiente, nuevamente fue seleccionado como agencia lider para implementar el proyecto. Se adjunta el produc.

Quality Rating: **Exemplary**

7. Does the project apply a human rights-based approach?

- 3: *The project is guided by human rights and incorporates the principles of accountability, meaningful participation, and non-discrimination in the project's strategy. The project upholds the relevant international and national laws and standards. Any potential adverse impacts on enjoyment of human rights were rigorously identified and assessed as relevant, with appropriate mitigation and management measures incorporated into project design and budget. (all must be true)*
- 2: The project is guided by human rights by prioritizing accountability, meaningful participation and non-discrimination. Potential adverse impacts on enjoyment of human rights were identified and assessed as relevant, and appropriate mitigation and management measures incorporated into the project design and budget. (both must be true)
- 1: No evidence that the project is guided by human rights. Limited or no evidence that potential adverse impacts on enjoyment of human rights were considered.

#### Evidence:

El proyecto se basa en principios de Derechos Humanos, específicamente en la Resolución del Consejo de Seguridad de las Naciones Unidas (RCSNU) sobre Juventud, Paz y Seguridad (RCSNU 2250). Se adjunta el PRODOC.

8. Does the project use gender analysis in the project design?

- 3: A participatory gender analysis has been conducted and results from this gender analysis inform the development challenge, strategy and expected results sections of the project document. Outputs and indicators of the results framework include explicit references to gender equality, and specific indicators measure and monitor results to ensure women are fully benefitting from the project. (all must be true)
- 2: A basic gender analysis has been carried out and results from this analysis are scattered (i.e., fragmented and not consistent) across the development challenge and strategy sections of the project document. The results framework may include some gender sensitive outputs and/or activities but gender inequalities are not consistently integrated across each output. (all must be true)
- 1: The project design may or may not mention information and/or data on the differential impact of the project's development situation on gender relations, women and men, but the gender inequalities have not been clearly identified and reflected in the project document.

#### Evidence:

Para la realizacion del proyecto, se hizo un analisis de género, que determino que el proyecto tuviera un marcador de GEN 2.

9. Did the project support the resilience and sustainability of societies and/or ecosystems?

- 3: *Credible evidence that the project addresses sustainability and resilience dimensions of development challenges, which are integrated in the project strategy and design. The project reflects the interconnections between the social, economic and environmental dimensions of sustainable development. Relevant shocks, hazards and adverse social and environmental impacts have been identified and rigorously assessed with appropriate management and mitigation measures incorporated into project design and budget. (all must be true)*
- 2: The project design integrates sustainability and resilience dimensions of development challenges. Relevant shocks, hazards and adverse social and environmental impacts have been identified and assessed, and relevant management and mitigation measures incorporated into project design and budget. (both must be true)
- 1: Sustainability and resilience dimensions and impacts were not adequately considered.

**Evidence:**

La zona donde se implementa el proyecto sufre los riesgos medioambientales. Entre los principales desafíos mencionados por la población local está el tema de los desechos y basura, así como un problema de acceso y calidad del agua. Si bien estos municipios tienen excelentes olas, reconocidas a nivel mundial, mucha población queda afectada y es desplazada por los diversos oleajes que afectan a la población y los negocios más cercanos a la costa. Todo se ha considerado en el diseño del proyecto y se preve trabajar con la población para mejorar mitigar estos riesgos. Se adjunta el PRODOC.

10. Has the Social and Environmental Screening Procedure (SESP) been conducted to identify potential social and environmental impacts and risks? The SESP is not required for projects in which UNDP is Administrative Agent only and/or projects comprised solely of reports, coordination of events, trainings, workshops, meetings, conferences and/or communication materials and information dissemination. [if yes, upload the completed checklist. If SESP is not required, provide the reason for the exemption in the evidence section.]

- Yes
- No
- SESP not required because project consists solely of (Select all exemption criteria that apply)
- 1: Preparation and dissemination of reports, documents and communication materials
  - 2: Organization of an event, workshop, training
  - 3: Strengthening capacities of partners to participate in international negotiations and conferences
  - 4: Partnership coordination (including UN coordination) and management of networks
  - 5: Global/regional projects with no country level activities (e.g. knowledge management, inter-governmental processes)
  - 6: UNDP acting as Administrative Agent

### Management & Monitoring

Quality Rating: **Exemplary**

11. Does the project have a strong results framework?

- 3: *The project's selection of outputs and activities are at an appropriate level. Outputs are accompanied by SMART, results-oriented indicators that measure the key expected development changes, each with credible data sources and populated baselines and targets, including gender sensitive, target group focused, sex-disaggregated indicators where appropriate. (all must be true)*
- 2: The project's selection of outputs and activities are at an appropriate level. Outputs are accompanied by SMART, results-oriented indicators, but baselines, targets and data sources may not yet be fully specified. Some use of target group focused, sex-disaggregated indicators, as appropriate. (all must be true)
- 1: The project's selection of outputs and activities are not at an appropriate level; outputs are not accompanied by SMART, results-oriented indicators that measure the expected change and have not been populated with baselines and targets; data sources are not specified, and/or no gender sensitive, sex-disaggregation of indicators. (if any is true)

**Evidence:**

El proyecto cuenta con un marco de resultados SMART, con datos e indicadores desagregados. Se adjunt a el Marco de Resultados.

12. Is the project's governance mechanism clearly defined in the project document, including composition of the project board?

- 3: *The project's governance mechanism is fully defined. Individuals have been specified for each position in the governance mechanism (especially all members of the project board.) Project Board members have agreed on their roles and responsibilities as specified in the terms of reference. The ToR of the project board has been attached to the project document. (all must be true)*
- 2: The project's governance mechanism is defined; specific institutions are noted as holding key governance roles, but individuals may not have been specified yet. The project document lists the most important responsibilities of the project board, project director/manager and quality assurance roles. (all must be true)
- 1: The project's governance mechanism is loosely defined in the project document, only mentioning key roles that will need to be filled at a later date. No information on the responsibilities of key positions in the governance mechanism is provided.

**Evidence:**

La gobernanza del proyecto esta definida. Se adjunt a el PRODOC donde se detallan funciones y organigrama

13. Have the project risks been identified with clear plans stated to manage and mitigate each risk?

- 3: *Project risks related to the achievement of results are fully described in the project risk log, based on comprehensive analysis drawing on the programme's theory of change, Social and Environmental Standards and screening, situation analysis, capacity assessments and other analysis such as funding potential and reputational risk. Risks have been identified through a consultative process with key internal and external stakeholders, including consultation with the UNDP Security Office as required. Clear and complete plan in place to manage and mitigate each risk, including security risks, reflected in project budgeting and monitoring plans. (both must be true)*
- 2: Project risks related to the achievement of results are identified in the initial project risk log based on a minimum level of analysis and consultation, with mitigation measures identified for each risk.
- 1: Some risks may be identified in the initial project risk log, but no evidence of consultation or analysis and no clear risk mitigation measures identified. This option is also selected if risks are not clearly identified, no initial risk log is included with the project document and/or no security risk management process has taken place for the project.

14. Have specific measures for ensuring cost-efficient use of resources been explicitly mentioned as part of the project design? This can include, for example:

- i) Using the theory of change analysis to explore different options of achieving the maximum results with the resources available.
- ii) Using a portfolio management approach to improve cost effectiveness through synergies with other interventions.
- iii) Through joint operations (e.g., monitoring or procurement) with other partners.
- iv) Sharing resources or coordinating delivery with other projects.
- v) Using innovative approaches and technologies to reduce the cost of service delivery or other types of interventions.

Yes

No

**Evidence:**

El proyecto es un programa conjunto, que se implementa con UNFPA y OIT. Para asegurar su eficiencia, el presupuesto fue desarrollado conjuntamente y se compartiran recursos y gastos.

15. Is the budget justified and supported with valid estimates?

- 3: *The project's budget is at the activity level with funding sources, and is specified for the duration of the project period in a multi-year budget. Realistic resource mobilisation plans are in place to fill unfunded components. Costs are supported with valid estimates using benchmarks from similar projects or activities. Cost implications from inflation and foreign exchange exposure have been estimated and incorporated in the budget. Adequate costs for monitoring, evaluation, communications and security have been incorporated.*
- 2: The project's budget is at the activity level with funding sources, when possible, and is specified for the duration of the project in a multi-year budget, but no funding plan is in place. Costs are supported with valid estimates based on prevailing rates.
- 1: The project's budget is not specified at the activity level, and/or may not be captured in a multi-year budget.

16. Is the Country Office / Regional Hub / Global Project fully recovering the costs involved with project implementation?

- 3: *The budget fully covers all project costs that are attributable to the project, including programme management and development effectiveness services related to strategic country programme planning, quality assurance, pipeline development, policy advocacy services, finance, procurement, human resources, administration, issuance of contracts, security, travel, assets, general services, information and communications based on full costing in accordance with prevailing UNDP policies (i.e., UPL, LPL.)*
- 2: The budget covers significant project costs that are attributable to the project based on prevailing UNDP policies (i.e., UPL, LPL) as relevant.
- 1: The budget does not adequately cover project costs that are attributable to the project, and UNDP is cross-subsidizing the project.

**Evidence:**

El presupuesto incluye los costos de GMS, DPC, y de personal.

**Effective****Quality Rating: Exemplary**

17. Have targeted groups been engaged in the design of the project?

- 3: *Credible evidence that all targeted groups, prioritising discriminated and marginalized populations that will be involved in or affected by the project, have been actively engaged in the design of the project. The project has an explicit strategy to identify, engage and ensure the meaningful participation of target groups as stakeholders throughout the project, including through monitoring and decision-making (e.g., representation on the project board, inclusion in samples for evaluations, etc.)*
- 2: Some evidence that key targeted groups have been consulted in the design of the project.
- 1: No evidence of engagement with targeted groups during project design.
- Not Applicable

**Evidence:**

Se realizaron grupos focales con la población beneficiaria, osea con las y los jovenes de las zonas a intervenir.

19. The gender marker for all project outputs are scored at GEN2 or GEN3, indicating that gender has been fully mainstreamed into all project outputs at a minimum.

- Yes  
 No

**Evidence:**

El proyecto es un GEN 2. No solo el 50% de su financiamiento esta enfocado en acciones de genero si no que tambien contribuirá a deconstruir normas y patrones culturales que toleran y promueven la discriminación contra las mujeres, en especial las jóvenes y adolescentes, que naturalizan la violencia, incluida la violencia de género. Se trabajará en el empoderamiento, autonomía corporal y autonomía económica de las mujeres jóvenes, así como en el desarrollo de sus habilidades de liderazgo y construcción de paz, y su participación en organizaciones locales y organizaciones juveniles comunitarias. Se adjunta P RODOC.

22. Is there is a clear strategy embedded in the project specifying how the project will use national systems (i.e., procurement, monitoring, evaluations, etc..) to the extent possible?

- Yes
- No
- Not Applicable

**Evidence:**

Se están creando alianzas con INJUVE en el marco específico de su programa Empléate Joven: Capitul o Surf City para poder identificar jóvenes lideresas y líderes que se integren este proyecto con el fin de asegurar la perspectiva de construcción de paz en su búsqueda de fortalecimiento de la empleabilidad y del emprendimiento juvenil. Se prevé llegar a 300 personas jóvenes de esos territorios (50% mujeres jóvenes y al menos 10% jóvenes rurales), 60 empleados de gobierno, 300 personas de la comunidad y 50 operadores de turismo.

Concretamente, a través de la alianza con INJUVE, el proyecto se beneficiará de las metodologías establecidas para la selección de jóvenes en el marco del programa Empléate Joven, como el Registro Único de Participantes (RUP). El RUP permitirá pre-identificar a jóvenes en condiciones de vulnerabilidad socioeconómica, de 18 a 29 años, con énfasis en mujeres jóvenes, esto permitirá complementar el perfil de los y las jóvenes participantes con un análisis interseccional que contemple aspectos como: género, pertenencia a una minoría étnica, diversidad sexual, madres jóvenes, discapacidad, sobrevivientes de VBG, personas migrantes retornadas y/o desplazados internos, no escolarizados.

**QA Summary/LPAC Comments**

El comité de evaluación de proyectos (PAC) del Fondo de Paz, solicitó revisar el proyecto atendiendo las siguientes recomendaciones:

1. Revisar el marco de resultados del proyecto, fortaleciendo los indicadores incluidos a nivel de productos (outputs) y fortalecerlos de manera que nos permitan medir el cambio (social, institucional o estructural) que el proyecto busca propiciar desde una perspectiva de prevención/consolidación de paz.

2. Elaborar una nota explicativa que será anexada al Documento de Proyecto:

Describir de manera más específica los factores de conflicto que el proyecto busca abordar y prevenir, incluyendo en el marco del proyecto Surf City. Es necesario hacer énfasis en la necesidad y la urgencia de la intervención para poder justificar el proyecto. Prevenir la "violencia de la exclusión" se queda corto desde una perspectiva de "consolidación de paz" y difícilmente justifica por sí solo la selección de los municipios priorizados (hay decenas de otros municipios en el país que enfrentan esa y otras violencias más atroces). ¿Cuáles son exactamente los conflictos o riesgos sociales, ambientales o de otro tipo que amenazan la consolidación de paz que nos permiten justificar una intervención dirigida a la juventud mediante la ventana de Respuesta Inmediata (IRF) del PBF? Esta información se remitió a la sede.
