**Project Brief Description**

This initiative provides support to the Ministry of Planning, Development and Reform for public sector reforms and innovation for improved performance and service delivery, citizen's satisfaction and reducing multi-dimensional poverty. The initiative intends to improve governance at different levels, track and monitor the implementation of Vision 2025 towards the targeted results and improve inter-provincial and inter-departmental coordination and enhance capacities for MDGs and reducing multi-dimensional poverty. The initiative endeavours to strengthen Planning Ministry as a public-sector think-tank and technical advice providers to provinces and Administrative Regions in the post 18th Amendment scenario. The project intends to achieve its objective through four interconnected outputs : 1) Results-based Management system for Pakistan Vision 2025/ PSDP/ ADP put in place and operational; 2) Civil service and Public Administration reforms with distinct accountability and transparency mechanism promoted and piloted; 3) Improved poverty measurement and effective implementation and monitoring of MDGs/ post 2015 development agenda; 3) Planning Ministry positioned and strengthened as public sector think-tank and interprovincial coordinator on development issues. The initiative will be implemented through UNDP direct implementation modality (DIM). The project seeks to promote partnership with provinces and regions for implementation of most of the targeted interventions.

#### **V. Management Arrangements**

The programme is being executed through the Direct Implementation Modality (DIM) by UNDP CO in close coordination with Ministry of Planning Development and Reforms. The management arrangements of the programme are structured to enable autonomous implementation of programme outputs, with coordinated reporting. UNDP is responsible for all project contracting, procurement and recruitment, to support Government in implementing this programme of work.

A Project Board (PB) provides overall direction and strategic guidance to the programme. The PB is responsible for making by consensus, management decisions for the programme and holding periodic reviews. The PB is co-chaired by UNDP and Ministry of Planning Development and Reforms. The other members include officials from EAD, donors, Provincial Representatives, Pakistan Bureau of Statistics etc.

The Project Board (PB) meetings are to be convened at least twice a year, at the beginning of each year to approve the annual work plan and review progress of the preceding year and a mid-year for current year progress review. Any additional meetings of the PB could be convened, if required.

**Programme Management Unit:** The PMU will have three core functions:

1. Implementation of outputs and approved in the project Annual Work plan (AWP)
2. Management and implementation of each of the project output. It will be responsible for results based management and reporting of the Programme. It will provide a clearing house mechanism for information, communication, monitoring and evaluation, and policy and action research. The PMU will coordinate with the implementing partners and consolidate the Annual Work Plan, budget and subsequent reporting and submit to the PRB for approval.
3. The PMU will serve as the secretariat to the PB and as such the convenor of the stakeholder's consultations.

The Programme Management Unit (PMU) is headed by a National Project Manager who is will be coordinating closely with the technical team including senior advisors (Governance Reforms, RBM) and senior officials in government including Member (Governance) MOPDR.

In addition, the Project Manager is responsible for day-to-day management, monitoring and review of project activities; coordination with implementing partners and different stakeholders. The PM is supported by 2 advisers, Research Associate, Communications Officer, Finance Officer, Procurement Officer, Admin and Finance Associate, and the recruitment of the whole team is at various stages.

**Project Assurance:** Project Assurance is the responsibility of UNDP Pakistan. The task of assurance, includes following up on management actions, keeping track of progress

## **VII. Legal Context**

This document together with the CPD signed by the Government and UNDP which is incorporated by reference, constitute together the instrument envisaged and defined in the [Supplemental Provisions](#) to the Project attached hereto and forming an integral part hereof, as "the Project Document"

### **Alternative A [where the Implementing Partner is a government agency (NIM) or an NGO/IGO]**

Consistent with the above Supplemental Provisions, the responsibility for the safety and security of the Implementing Partner and its personnel and property, and of UNDP's property in the Implementing Partner's custody, rests with the Implementing Partner. To this end, the Implementing Partner shall:

- a) put in place an appropriate security plan and maintain the security plan, taking into account the security situation in the country where the project is being carried;
- b) assume all risks and liabilities related to the Implementing Partner's security, and the full implementation of the security plan.

UNDP reserves the right to verify whether such a plan is in place, and to suggest modifications to the plan when necessary. Failure to maintain and implement an appropriate security plan as required hereunder shall be deemed a breach of the Implementing Partner's obligations under this Project Document [and the Project Cooperation Agreement between UNDP and the Implementing Partner]<sup>1</sup>.

The Implementing Partner agrees to undertake all reasonable efforts to ensure that none of the UNDP funds received pursuant to the Project Document are used to provide support to individuals or entities associated with terrorism and that the recipients of any amounts provided by UNDP hereunder do not appear on the list maintained by the Security Council Committee established pursuant to resolution 1267 (1999). The list can be accessed via [http://www.un.org/sc/committees/1267/aq\\_sanctions\\_list.shtml](http://www.un.org/sc/committees/1267/aq_sanctions_list.shtml). This provision must be included in all sub-contracts or sub-agreements entered into under/further to this Project Document.

### **Alternative B [where the Implementing Partner is UNDP (DIM), the UN, a fund/programme of the UN, or a UN agency]**

[UNDP] [Name of UN Agency] as the Implementing Partner shall comply with the policies, procedures and practices of the United Nations safety and security management system.

[UNDP] [Name of UN Agency] agrees to undertake all reasonable efforts to ensure that none of the [project funds]<sup>2</sup> [UNDP funds received pursuant to the Project Document]<sup>3</sup> are used to provide support to individuals or entities associated with terrorism and that the recipients of any amounts provided by UNDP hereunder do not appear on the list maintained by the Security Council Committee established pursuant to resolution 1267 (1999). The list can be accessed via [http://www.un.org/sc/committees/1267/aq\\_sanctions\\_list.shtml](http://www.un.org/sc/committees/1267/aq_sanctions_list.shtml). This provision must be included in all sub-contracts or sub-agreements entered into under this Project Document.

#	Description	Date Identified	Type	Impact & Probability	Countermeasures / Mngt response	Owner	Submitted, updated by	Last Update	Status
1	Consensus among key federal government agencies, including the Prime Minister's Office, Ministry of Planning, Establishment Division, Federal Public Services Commission, Ministry of Finance and the National School of Public Policy on the need for reform and the solutions developed may be difficult to secure	Jan 2016	Organizational Political	P=4, I=4	Extensive consultation with government at national and provincial level for ownership and acceptance	Project Manager	Feb 2016	Dec 2017	Modified
2	Turnover among key positions within the Ministry of Planning, Development & Reform represents a loss in institutional memory and goodwill developed since the inception of the project and may also hamper delivery in the short and medium terms	Oct 2016	Organizational Political	P = 5, I = 3	This risk will be mitigated by broadening our contact points within the Ministry, switching counterpart offices as an interim arrangement with the consent of the senior management at the Ministry, re-affirming commitment on ongoing initiatives with the senior management, and having a well-prepared onboarding plan in place for the new team.	Project Manager	Dec 2017	Dec 2017	New Risk
3	Political protest against the government may cause suspensions in project activities	Jan 2016	Political	P = 2 I = 5	Project will take appropriate steps and identify alternate means of implementation	Project Manager	Feb 2016	Feb 2016	No change
4	Given that 2018 is an election year, reform and innovation may not figure very highly in the federal government's priorities from mid-2017 onward.	Dec 2017	Political	P3, I=3	We can mitigate this to a certain extent by focusing more on mainstream activities such as capacity building which do not require a major investment	Project Manager	Dec 2017	Dec 2017	New Risk

5	Once the last government tranche received of USD 1.2 million is expended, the Ministry of Planning may be reluctant to transfer further funds until UNDP matches their commitment through own and/or mobilized funds which may be difficult as project impacts are still at a premature stage.	Dec 2017	Organizational	P2, I=4	of political capital on the government's part. We may relieve this pressure by capitalizing on mobilization efforts made with UK-DFID this year. We may also intensify outreach and mobilization from a broader base of donors active in governance and public sector management.	Project Manager	Dec 2017	Dec 2017	New Risk
