

Social and Environmental Screening Template (2021 SESP Template, Version 1)

The completed template, which constitutes the Social and Environmental Screening Report, must be included as an annex to the Project Document at the design stage. Note: this template will be converted into an online tool. The online version will guide users through the process and will embed relevant guidance.

Project Information

Project Information	
1. Project Title	Adapting population skills to the post-pandemic economy in Ferghana Valley
2. Project Number (i.e. Atlas project ID, PIMS+)	00129159
3. Location (Global/Region/Country)	Fergana Valley (Andijan, Fergana, Namangan regions)
4. Project stage (Design or Implementation)	Design
5. Date	18.12.2020

Part A. Integrating Programming Principles to Strengthen Social and Environmental Sustainability

QUESTION 1: How Does the Project Integrate the Programming Principles in Order to Strengthen Social and Environmental Sustainability?
<i>Briefly describe in the space below how the project mainstreams the human rights-based approach</i>
<p>Human Rights are at the forefront of UNDP's work. The project will specifically target the right to work as per ICESCR Art.6.1, the right to an adequate standard of living and elimination of discrimination against women (UN CEDAW ART. 14).</p> <p>The main aim of the project is to contribute to poverty reduction through increased employment and entrepreneurship opportunities of the population, particularly the youth of Fergana Valley, by building entrepreneurship and future skills, digital leapfrogging, reskilling and upskilling of the workforce to deliver new business models in the post-pandemic era. Special attention will be given to ensure that jobs are formalised. The project will also ensure that participating businesses implement safe labour standards as per the ILO recommendations.</p>
<i>Briefly describe in the space below how the project is likely to improve gender equality and women's empowerment</i>
<p>Recognizing that there is a gender gap in economically active men and women, especially young women, the project interventions at all levels are focused on promoting gender equality. In particular, at activity level the project will work to improve the capacity of the MELR and local community authorities in delivering services in support of youth and women employment; promote youth and women entrepreneurship skills; and supporting and promoting youth and women employment through active labour market policies, and other interventions with specific focus on gender issues and women empowerment. As an example, the project will support MELR with delivering specific sessions to female migrants on women's empowerment and gender, including modules on reproductive health and family planning. The proposed set of life-skills modules will be included in the training programme with gender aspects well integrated.</p>
<i>Briefly describe in the space below how the project mainstreams sustainability and resilience</i>
<p>The project entails the provision of support to business initiatives of young and women entrepreneurs, and in doing so, the project will support the initiatives that are environmentally friendly and that:</p> <ol style="list-style-type: none"> 1. Decrease CO2 emissions or;

2. Ensure climate change mitigation/adaptation activities, or;
 3. Ensure sustainable natural resource management, or;
 4. Ensure disaster risks are considered and investments are protected from potential hits of disasters by decisions based on the information on available risks, vulnerabilities and capacities.
- Standards used will be compliant with the Convention on Biological Diversity which includes the sustainable use of components and the fair and equitable sharing of the benefits arising out of a natural resource.

Briefly describe in the space below how the project strengthens accountability to stakeholders

The key stakeholders of this project are self-employed and unemployed women, returning migrants, youth and other vulnerable groups in Fergana Valley, Ministry of Employment and Labour Relations, local community authorities, regional authorities of Andijan, Namangan and Fergana regions. The key partners are the local authorities (Khokimiyats), Ministry of employment and Labour Relations, local Centers for Professional Development, Agency on Youth Affairs, the Ministry of Higher and Secondary Specialized Education and “Yoshlar kelajagimiz” Fund, IT park, business support service providers, IT companies, local think tanks and international organizations such as ILO, JICA, World bank, ADB, Government of Japan and others.

The project concept was developed based on priorities identified at the meetings of UNDP with stakeholders, including at the Ministry of Employment and Labour Relations, international partners and private sector representatives. The project focus areas and planned activities are aligned to the needs of the national partners that were discussed during the meeting with the MELR in May 2020.

Part B. Identifying and Managing Social and Environmental Risks

QUESTION 2: What are the Potential Social and Environmental Risks? <i>Note: Complete SESP Attachment 1 before responding to Question 2.</i>	QUESTION 3: What is the level of significance of the potential social and environmental risks? <i>Note: Respond to Questions 4 and 5 below before proceeding to Question 5</i>			QUESTION 6: Describe the assessment and management measures for each risk rated Moderate, Substantial or High
Risk Description (broken down by event, cause, impact)	Impact and Likelihood (1-5)	Significance (Low, Moderate, Substantial, High)	Comments (optional)	Description of assessment and management measures for risks rated as Moderate, Substantial or High
Risk 1: New lock-down measures that could be imposed by the Government due to the next waves of the coronavirus pandemic.	I = 5 L = 3	High	The second wave of the pandemic which is now unfolding in the country and around the world poses a serious risk in the light of the new lock-down measures that could be imposed by the Government.	The project will monitor development trends in order to be able to address any arising concerns regarding new lock-down measures.
Risk 2: Potential of further worsening of overall economic situation, which may negatively affect the level of employment.	I = 4 L = 2	Moderate	The recent serious economic slowdown may negatively affect and result in the increases of unemployment rates. The official unemployment rate rose to	The project will monitor economic development trends in order to be able to address any arising concerns in a timely manner.

			<p>13,2% in July 2020, compared to 9,1% in August 2019. Unemployment among women and youth was higher at 17,4% and 20,1% respectively.</p> <p>In case unemployment rate continues increasing, this may negatively affect the overall project delivery.</p>	
<p>Risk 3: Regulatory limitations to enhance labor market programmes (LMPs).</p>	<p>I = 2 L = 2</p>	<p>Moderate</p>	<p>The Government emphasizes on the need to improve monitoring and evaluation of different programmes with a view to improving efficiency and performance of LMPs to provide effective support for different groups of the population, including women and young people. However, the need to enhance relevant regulatory base may pose a risk on conducting such project activities as, re-designing and fine-tuning of the existing LMPs, capacity building for the MELR to monitor effectiveness of the LMPs by building capacity of the employees of the ministry of monitoring and evaluation techniques and practices.</p>	<p>The project will be in close contact with the initiators of regulatory act to ensure that enhancement of LMPs proposed within the project fit into existing and/or new regulatory framework.</p>
<p>Risk 4: Consistency of organizational structure and institutional memory, quick staff turnover within local authorities.</p>	<p>I=2 L=3</p>	<p>Substantial</p>	<p>Rapid changes and reappointments in the local authorities may cause the loss of the institutional memory and therefore affect the achievement of the project outputs and activities on supporting local governance and digitalization of entrepreneurial activities, increasing capacities of the employers of local Employment Support Centres as well as other activities in the target regions.</p>	<p>The project will work to engage a wide range of national partners to its activities as well as document and issue the progress in the form of analytical documents and policy briefs.</p>

Risk 5: Availability of sufficient number and quality of professionals in line with the labour market demand.	I=2 L=1	Moderate	Supporting newly established "Ishga Marhamat" Monocenters and local Centres for Professional Development (CPDs) in selected regions of the Republic of Uzbekistan (in Andijan, Namangan and Fergana regions) to launch and run skills development programmes for young men and women may be disrupted due to the low level of accessibility for distance learning facilities at the regional level. This may also have a negative impact on the number and quality of professionals expected to be re-skilled or prepared within the project.	To address this risk, the project will closely work with the main national partner (MELR) to ensure the provision of better conditions to enhance the learning environment in the regions.												
QUESTION 4: What is the overall project risk categorization?																
<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="text-align: right;">Low Risk</td> <td style="text-align: center;"><input type="checkbox"/></td> <td></td> </tr> <tr> <td style="text-align: right;">Moderate Risk</td> <td style="text-align: center;"><input checked="" type="checkbox"/></td> <td></td> </tr> <tr> <td style="text-align: right;">Substantial Risk</td> <td style="text-align: center;"><input type="checkbox"/></td> <td></td> </tr> <tr> <td style="text-align: right;">High Risk</td> <td style="text-align: center;"><input type="checkbox"/></td> <td></td> </tr> </table>					Low Risk	<input type="checkbox"/>		Moderate Risk	<input checked="" type="checkbox"/>		Substantial Risk	<input type="checkbox"/>		High Risk	<input type="checkbox"/>	
Low Risk	<input type="checkbox"/>															
Moderate Risk	<input checked="" type="checkbox"/>															
Substantial Risk	<input type="checkbox"/>															
High Risk	<input type="checkbox"/>															
QUESTION 5: Based on the identified risks and risk categorization, what requirements of the SES are triggered? (check all that apply)																
Question only required for Moderate, Substantial and High Risk projects																
<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 60%;"><i>Is assessment required? (check if "yes")</i></td> <td style="width: 5%; text-align: center;"><input checked="" type="checkbox"/></td> <td style="width: 30%;"></td> <td style="width: 5%;"></td> <td style="width: 10%; text-align: center;">Status? (completed, planned)</td> </tr> </table>					<i>Is assessment required? (check if "yes")</i>	<input checked="" type="checkbox"/>			Status? (completed, planned)							
<i>Is assessment required? (check if "yes")</i>	<input checked="" type="checkbox"/>			Status? (completed, planned)												
<table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 60%;"><i>if yes, indicate overall type and status</i></td> <td style="width: 5%; text-align: center;"><input type="checkbox"/></td> <td style="width: 30%;">Targeted assessment(s)</td> <td style="width: 5%;"></td> <td style="width: 10%;"></td> </tr> </table>					<i>if yes, indicate overall type and status</i>	<input type="checkbox"/>	Targeted assessment(s)									
<i>if yes, indicate overall type and status</i>	<input type="checkbox"/>	Targeted assessment(s)

Final Sign Off

Final Screening at the design-stage is not complete until the following signatures are included

Signature	Date	Description
QA Assessor		UNDP staff member responsible for the project, typically a UNDP Programme Officer. Final signature confirms they have "checked" to ensure that the SESP is adequately conducted.
QA Approver		UNDP senior manager, typically the UNDP Deputy Country Director (DCD), Country Director (CD), Deputy Resident Representative (DRR), or Resident Representative (RR). The QA Approver cannot also be the QA Assessor. Final signature confirms they have "cleared" the SESP prior to submittal to the PAC.
PAC Chair		UNDP chair of the PAC. In some cases PAC Chair may also be the QA Approver. Final signature confirms that the SESP was considered as part of the project appraisal and considered in recommendations of the PAC.

SESP Attachment 1. Social and Environmental Risk Screening Checklist

Checklist Potential Social and Environmental Risks		
INSTRUCTIONS: The risk screening checklist will assist in answering Questions 2-6 of the Screening Template. Answers to the checklist questions help to (1) identify potential risks, (2) determine the overall risk categorization of the project, and (3) determine required level of assessment and management measures. Refer to the SES toolkit for further guidance on addressing screening questions.		
Overarching Principle: Leave No One Behind		Answer (Yes/No)
Human Rights		
P.1	Have local communities or individuals raised human rights concerns regarding the project (e.g. during the stakeholder engagement process, grievance processes, public statements)?	No
P.2	Is there a risk that duty-bearers (e.g. government agencies) do not have the capacity to meet their obligations in the project?	Yes
P.3	Is there a risk that rights-holders (e.g. project-affected persons) do not have the capacity to claim their rights?	No
<i>Would the project potentially involve or lead to:</i>		
P.4	adverse impacts on enjoyment of the human rights (civil, political, economic, social or cultural) of the affected population and particularly of marginalized groups?	No
P.5	inequitable or discriminatory impacts on affected populations, particularly people living in poverty or marginalized or excluded individuals or groups, including persons with disabilities? ¹	No
P.6	restrictions in availability, quality of and/or access to resources or basic services, in particular to marginalized individuals or groups, including persons with disabilities?	No
P.7	exacerbation of conflicts among and/or the risk of violence to project-affected communities and individuals?	No
Gender Equality and Women's Empowerment		
P.8	Have women's groups/leaders raised gender equality concerns regarding the project, (e.g. during the stakeholder engagement process, grievance processes, public statements)?	No
<i>Would the project potentially involve or lead to:</i>		
P.9	adverse impacts on gender equality and/or the situation of women and girls?	No
P.10	reproducing discriminations against women based on gender, especially regarding participation in design and implementation or access to opportunities and benefits?	No
P.11	limitations on women's ability to use, develop and protect natural resources, taking into account different roles and positions of women and men in accessing environmental goods and services? <i>For example, activities that could lead to natural resources degradation or depletion in communities who depend on these resources for their livelihoods and well being</i>	No
P.12	exacerbation of risks of gender-based violence? <i>For example, through the influx of workers to a community, changes in community and household power dynamics, increased exposure to unsafe public places and/or transport, etc.</i>	No
Sustainability and Resilience: Screening questions regarding risks associated with sustainability and resilience are encompassed by the Standard-specific questions below		

¹ Prohibited grounds of discrimination include race, ethnicity, sex, age, language, disability, sexual orientation, gender identity, religion, political or other opinion, national or social or geographical origin, property, birth or other status including as an indigenous person or as a member of a minority. References to "women and men" or similar is understood to include women and men, boys and girls, and other groups discriminated against based on their gender identities, such as transgender and transsexual people.

Accountability		
<i>Would the project potentially involve or lead to:</i>		
P.13	exclusion of any potentially affected stakeholders, in particular marginalized groups and excluded individuals (including persons with disabilities), from fully participating in decisions that may affect them?	No
P.14	grievances or objections from potentially affected stakeholders?	No
P.15	risks of retaliation or reprisals against stakeholders who express concerns or grievances, or who seek to participate in or to obtain information on the project?	No
Project-Level Standards		
Standard 1: Biodiversity Conservation and Sustainable Natural Resource Management		
<i>Would the project potentially involve or lead to:</i>		
1.1	adverse impacts to habitats (e.g. modified, natural, and critical habitats) and/or ecosystems and ecosystem services? <i>For example, through habitat loss, conversion or degradation, fragmentation, hydrological changes</i>	No
1.2	activities within or adjacent to critical habitats and/or environmentally sensitive areas, including (but not limited to) legally protected areas (e.g. nature reserve, national park), areas proposed for protection, or recognized as such by authoritative sources and/or indigenous peoples or local communities?	No
1.3	changes to the use of lands and resources that may have adverse impacts on habitats, ecosystems, and/or livelihoods? (Note: if restrictions and/or limitations of access to lands would apply, refer to Standard 5)	No
1.4	risks to endangered species (e.g. reduction, encroachment on habitat)?	No
1.5	exacerbation of illegal wildlife trade?	No
1.6	introduction of invasive alien species?	No
1.7	adverse impacts on soils?	No
1.8	harvesting of natural forests, plantation development, or reforestation?	No
1.9	significant agricultural production?	No
1.10	animal husbandry or harvesting of fish populations or other aquatic species?	No
1.11	significant extraction, diversion or containment of surface or ground water? <i>For example, construction of dams, reservoirs, river basin developments, groundwater extraction</i>	No
1.12	handling or utilization of genetically modified organisms/living modified organisms? ²	No
1.13	utilization of genetic resources? (e.g. collection and/or harvesting, commercial development) ³	No
1.14	adverse transboundary or global environmental concerns?	No
Standard 2: Climate Change and Disaster Risks		
<i>Would the project potentially involve or lead to:</i>		
2.1	areas subject to hazards such as earthquakes, floods, landslides, severe winds, storm surges, tsunami or volcanic eruptions?	No
2.2	outputs and outcomes sensitive or vulnerable to potential impacts of climate change or disasters?	No

² See the [Convention on Biological Diversity](#) and its [Cartagena Protocol on Biosafety](#).

³ See the [Convention on Biological Diversity](#) and its [Nagoya Protocol](#) on access and benefit sharing from use of genetic resources.

	<i>For example, through increased precipitation, drought, temperature, salinity, extreme events, earthquakes</i>	
2.3	increases in vulnerability to climate change impacts or disaster risks now or in the future (also known as maladaptive or negative coping practices)? <i>For example, changes to land use planning may encourage further development of floodplains, potentially increasing the population's vulnerability to climate change, specifically flooding</i>	No
2.4	increases of greenhouse gas emissions, black carbon emissions or other drivers of climate change?	No
Standard 3: Community Health, Safety and Security		
<i>Would the project potentially involve or lead to:</i>		
3.1	construction and/or infrastructure development (e.g. roads, buildings, dams)? (Note: the GEF does not finance projects that would involve the construction or rehabilitation of large or complex dams)	No
3.2	air pollution, noise, vibration, traffic, injuries, physical hazards, poor surface water quality due to runoff, erosion, sanitation?	No
3.3	harm or losses due to failure of structural elements of the project (e.g. collapse of buildings or infrastructure)?	No
3.4	risks of water-borne or other vector-borne diseases (e.g. temporary breeding habitats), communicable and noncommunicable diseases, nutritional disorders, mental health?	No
3.5	transport, storage, and use and/or disposal of hazardous or dangerous materials (e.g. explosives, fuel and other chemicals during construction and operation)?	No
3.6	adverse impacts on ecosystems and ecosystem services relevant to communities' health (e.g. food, surface water purification, natural buffers from flooding)?	No
3.7	influx of project workers to project areas?	No
3.8	engagement of security personnel to protect facilities and property or to support project activities?	No
Standard 4: Cultural Heritage		
<i>Would the project potentially involve or lead to:</i>		
4.1	activities adjacent to or within a Cultural Heritage site?	No
4.2	significant excavations, demolitions, movement of earth, flooding or other environmental changes?	No
4.3	adverse impacts to sites, structures, or objects with historical, cultural, artistic, traditional or religious values or intangible forms of culture (e.g. knowledge, innovations, practices)? (Note: projects intended to protect and conserve Cultural Heritage may also have inadvertent adverse impacts)	No
4.4	alterations to landscapes and natural features with cultural significance?	No
4.5	utilization of tangible and/or intangible forms (e.g. practices, traditional knowledge) of Cultural Heritage for commercial or other purposes?	No
Standard 5: Displacement and Resettlement		
<i>Would the project potentially involve or lead to:</i>		
5.1	temporary or permanent and full or partial physical displacement (including people without legally recognizable claims to land)?	No
5.2	economic displacement (e.g. loss of assets or access to resources due to land acquisition or access restrictions – even in the absence of physical relocation)?	No

5.3	risk of forced evictions? ⁴	No
5.4	impacts on or changes to land tenure arrangements and/or community based property rights/customary rights to land, territories and/or resources?	No
Standard 6: Indigenous Peoples		
<i>Would the project potentially involve or lead to:</i>		
6.1	areas where indigenous peoples are present (including project area of influence)?	No
6.2	activities located on lands and territories claimed by indigenous peoples?	No
6.3	impacts (positive or negative) to the human rights, lands, natural resources, territories, and traditional livelihoods of indigenous peoples (regardless of whether indigenous peoples possess the legal titles to such areas, whether the project is located within or outside of the lands and territories inhabited by the affected peoples, or whether the indigenous peoples are recognized as indigenous peoples by the country in question)? <i>If the answer to screening question 6.3 is “yes”, then the potential risk impacts are considered significant and the project would be categorized as either Substantial Risk or High Risk</i>	No
6.4	the absence of culturally appropriate consultations carried out with the objective of achieving FPIC on matters that may affect the rights and interests, lands, resources, territories and traditional livelihoods of the indigenous peoples concerned?	No
6.5	the utilization and/or commercial development of natural resources on lands and territories claimed by indigenous peoples?	No
6.6	forced eviction or the whole or partial physical or economic displacement of indigenous peoples, including through access restrictions to lands, territories, and resources? <i>Consider, and where appropriate ensure, consistency with the answers under Standard 5 above</i>	No
6.7	adverse impacts on the development priorities of indigenous peoples as defined by them?	No
6.8	risks to the physical and cultural survival of indigenous peoples?	No
6.9	impacts on the Cultural Heritage of indigenous peoples, including through the commercialization or use of their traditional knowledge and practices? <i>Consider, and where appropriate ensure, consistency with the answers under Standard 4 above.</i>	No
Standard 7: Labour and Working Conditions		
<i>Would the project potentially involve or lead to: (note: applies to project and contractor workers)</i>		
7.1	working conditions that do not meet national labour laws and international commitments?	No
7.2	working conditions that may deny freedom of association and collective bargaining?	No
7.3	use of child labour?	No
7.4	use of forced labour?	No
7.5	discriminatory working conditions and/or lack of equal opportunity?	No
7.6	occupational health and safety risks due to physical, chemical, biological and psychosocial hazards (including violence and harassment) throughout the project life-cycle?	No
Standard 8: Pollution Prevention and Resource Efficiency		
<i>Would the project potentially involve or lead to:</i>		

⁴ Forced eviction is defined here as the permanent or temporary removal against their will of individuals, families or communities from the homes and/or land which they occupy, without the provision of, and access to, appropriate forms of legal or other protection. Forced evictions constitute gross violations of a range of internationally recognized human rights.

8.1	the release of pollutants to the environment due to routine or non-routine circumstances with the potential for adverse local, regional, and/or transboundary impacts?	No
8.2	the generation of waste (both hazardous and non-hazardous)?	No
8.3	the manufacture, trade, release, and/or use of hazardous materials and/or chemicals?	No
8.4	the use of chemicals or materials subject to international bans or phase-outs? <i>For example, DDT, PCBs and other chemicals listed in international conventions such as the Montreal Protocol, Minamata Convention, Basel Convention, Rotterdam Convention, Stockholm Convention</i>	No
8.5	the application of pesticides that may have a negative effect on the environment or human health?	No
8.6	significant consumption of raw materials, energy, and/or water?	No
